Executive Summary: Provide a clear and concise description of your project and how it will allow the IRS to achieve its mission.

The Earned Income Tax Credit (EITC) Due Diligence (DD) Survey will help fulfill the Inflation Reduction Act's (IRA) requirement to design systems informed by "taxpayer opinions, expectations, and level of trust." The survey will provide insights about taxpayer behavior, attitudes, and needs. The results of this survey will enable the IRS to gain insights into what is and isn't working well and make iterative changes to improve taxpayer experiences.
