# REPORT

OF

# THE COMMISSIONER OF INTERNAL REVENUE.

Treasury Department,
Office of Commissioner of Internal Revenue,
Washington, D. C., November 1, 1900.

Sir: In compliance with the instructions contained in your letter of October 10, 1900, I have the honor to submit the following report of the operations of the Bureau of Internal Revenue for the fiscal year ended June 30, 1900, together with certain additional information relating to the receipts from the various sources of internal revenue during the months of July, August, and September of the current fiscal year.

The titles of the tables found at the close of the bound volume of

this report are as follows:

Table A, showing the receipts from each specific source of internal revenue and the amounts refunded in each collection district, State, and Territory of the United States for the fiscal year ended June 30, 1900.

Table B, showing the number and value of all internal-revenue stamps, the number of the different kinds of certificates of registry, and the number and value of documentary stamps used for validating unstamped instruments issued to collectors of internal revenue during the fiscal year ended June 30, 1900.

Table C, showing the percentages of receipts from the several general sources of internal revenue now taxable in each State and Territory of the United States to the aggregate receipts from the same sources, by fiscal years, from July 1, 1863, to June 30, 1900.

Table D, showing the aggregate receipts of internal revenue in each collection district, State, and Territory of the United States, by fiscal

years, from September 1, 1862, to June 30, 1900.

Table E, showing the receipts from specific and general sources of internal revenue, by fiscal years, from September 1, 1862, to June 30, 1900.

Table F, showing the ratio of receipts from specific sources of internal revenue to the aggregate receipts of the same, by fiscal years,

from July 1, 1863, to June 30, 1900.

Table G, showing the returns of distilled spirits, fermented liquors, manufactured tobacco, snuff, cigars, and cigarettes, under the several acts of legislation, and by fiscal years, from September 1, 1862, to June 30, 1900; also statement of the production of distilled spirits and fermented liquors in the several States and Territories, by fiscal years, from July 1, 1877, to June 30, 1900.

Table H, showing the receipts from special taxes in the several States and Territories for the twelve months ended June 30, 1900.

Table I, showing the collections, expenses, and percentage cost of collection in the several collection districts during the fiscal years ended June 30, 1899 and 1900.

# COLLECTIONS FOR THE FISCAL YEAR ENDED JUNE 30, 1900.

In the last annual report of the Commissioner of Internal Revenue it was estimated that the collections from all sources of internal revenue for the fiscal year just ended would aggregate \$285,000,000.

I am gratified to state that the actual receipts were \$295,316,107.57,

and that the estimate was exceeded by \$10,316,107.57.

# ESTIMATED RECEIPTS FOR THE CURRENT FISCAL YEAR.

It will be seen from the foregoing tabular statement that the receipts from all sources of internal revenue for the first three months of the current fiscal year aggregated \$78,470,922.31.

For the same period of the preceding fiscal year the total receipts amounted to \$76,956,138.60, the increase in favor of the current fiscal year being \$1,514,783.71.

In view of the above-indicated increase, and after giving due consideration to the varied commercial interests of the country affected by internal-revenue taxation, I estimate that the receipts from all sources of internal revenue for the approximate sources of internal revenue for the current fiscal year will approximate

#### COST OF COLLECTION.

The cost of collection for the past fiscal year, distributed among the different items of appropriation, was approximately as follows:

For salaries and expenses of collectors, including pay of deputy collectors, clerks, etc., and including expenses incident to enforcing the provisions of law taxing oleomargarine	\$1,743,580.80 505,037.88
For salaries and expenses of revenue agents, surveyors of distilleries, gaugers, storekeepers, and miscellaneous expenses	1, 964, 274. 72
For paper for internal-revenue stamps.  For expenses of detecting and punishing violations of internal-revenue	37, 615. 38
laws	73, 664, 84
For salaries of officers, clerks, and employees in the office of Commis-sioner of Internal Revenue	254, 622. 08 * 74, 892. 04
Total amount expended.	4, 653, 687. 74

### PERCENTAGE OF COST OF COLLECTION.

The percentage of cost of collection is 1.58 per cent. The expenses for the previous fiscal year were \$4,591,754.90, or 1.68 per cent of the collections for that year. The percentage of cost indicated above is the smallest that has been reached in the history of this Bureau in the administration of the internal-revenue laws.

#### MISCELLANEOUS EXPENSES.

The act of Congress approved August 7, 1882, making provision for sundry civil expenses for the year ended June 30, 1883, required the Commissioner of Internal Revenue to make a detailed statement of all miscellaneous expenditures in the Bureau of Internal Revenue for which appropriation was made in that act. In accordance with this requirement, I submit the following detailed statement of miscellaneous expenses incurred:

Telephoning on public business	
Telegraphing on public business	\$778.33
Locks for use at distilleries	3,507.70
Hydrometers used in gauging spirits.	6, 870. 75
Weighing beams for use in weighing spirits	3, 602. 13
Steel canceling dies	32. 10

<sup>\*</sup>Act of June 13, 1898.

# ESTIMATED EXPENSES FOR NEXT FISCAL YEAR.

I estimate the expenses of the Internal-Revenue Service for the fiscal year ending June 30, 1902, as follows:

For salaries and expenses of collectors, including pay of deputy collectors and surveyors and clerks, and expense of enforcing the act of August 2, 1886, faxing eleomargarine, and the act of August 4, 1886, imposing on the Government the expense of the inspection of tobacco exported, and the act of June 6, 1896, imposing a tax on filled cheese. For salaries and expenses of 20 revenue agents, for fees and expenses of	\$1,850,000 *650,000
For paper for internal-revenue stamps  For detecting and bringing to trial and punishment persons guilty of violating the internal-revenue laws, including return to the property of the prope	2, 000, 000
and detection	100, 000 266, 140 a 200
Total	4, 926, 340

#### SALARIES.

I have the honor to recommend that Congress appropriate for the fiscal year ending June 30, 1902, the sum of \$266,340 as salaries for the following officers, clerks, and employees in this Bureau:

One Commissioner of	
The Continuesioner, at	50 000
One Commissioner, at. Two deputy commissioners, at	\$6,000
Two deputy commissioners, at One chemist, at	4,000
Two heads of division at	2,500
Six heads of division at	2.500
One superintendent of a	2,250
One stenographer et	2,000
A WELLIA - FOIL OF CLOSE OF	1,800
Example Compensation for 1 glove details	1,800
1 WCHIV-four clorks of	200
CHIELV-IOUV Clorics of	1,600
I Wenty-four clarks at	1,400
	1,200
	1,000
* TO DESIGNOTORS OF	900

Fourteen assistant messengers, at Thirteen laborers, at	720
Miles and a second seco	660
CA Value of Marketing Control of the	000

An aggregate of 201 persons.

I also recommend the appropriation of the sum of \$2,500 as salaries for one stamp agent, at \$1,600, and one counter, at \$900, the same to be reimbursed by the stamp manufacturers, as provided by the act of

# SCALE OF SALARIES OF COLLECTORS.

The recommendations made for the salaries of collectors are based upon an estimate of their probable collections according to the following scale, with the qualification that if the actual collections should

<sup>\*</sup>Act of June 13, 1898, and act of July 7, 1898. a Extra compensation for clerk detailed as paymaster for office of internal revenue.

H. Doc. 11-2

vary from the amounts estimated, the salaries will be readjusted at the end of the fiscal year:

For collection of—	Salary.	For collection of—	Salary.
\$25,000 or less. 25,001 to \$37,500. 37,501 to 50,000. 50,001 to 75,000. 75,001 to 100,000. 100,001 to 125,000. 125,001 to 175,000. 175,001 to 225,000. 225,001 to 225,000. 225,001 to 375,000. 325,001 to 375,000.	2,125 2,250 2,375 2,500 2,625 2,750 2,875 3,000 3,125	\$375,001 to \$425,000. 425,001 to 475,000. 475,001 to 550,000. 550,001 to 525,000. 625,001 to 700,000. 700,001 to 775,000. 775,001 to 850,000. 850,001 to 925,000. 925,001 to 1,000,000. 1,000,001 and upward.	3, 500 3, 621 3, 750 3, 873 4, 000 4, 123 4, 250

In addition to the salary based upon the above-mentioned scale, the collector shall receive a commission of one-half of 1 per cent on tax-paid spirit stamps, and may receive additional compensation on account of territorial extent, as provided by law, provided the gross compensation does not exceed \$4,500. (See secs. 3148 and 3314, Rev. Stat.)

### OFFICIAL FORCE.

The force connected with this Bureau during the fiscal year which ended June 30, 1900, in the various districts throughout the United States, as reorganized under the Executive order of May 21, 1887, was 63 collectors, who received per annum salaries as follows:

Number.	Salary.	Number.	Salary.	Number.	Salary.
514	\$4,500 4,375	3	\$3,875 3,625	3	\$3,500 3,125

There were also employed 887 deputy collectors, who received per annum salaries as follows:

Number.	Salary.	Number.	Salary,	Number.	Salary.
222 111. 331. 1 . 8 . 31. 2 . 2 . 50. 9 .	\$2,000 1,900 1,800 1,750 1,700 1,600 1,550 1,500 1,450 1,450 1,450	33 165 104 129 2 63 1 21 21 4 4	\$1,300 1,200 1,100 1,000 950 900 850 800 750 700 600	7	\$500 48 42 40 36 30 24 20 12

There were also employed in the offices of the different collectors 157 clerks, who received per annum salaries as follows:

Number.	Salary.	Number.	Salary.	Number.	Salary,
1. 3. 9. 4. 33. 8.	\$1,600 1,500 1,400 1,300 1,200 1,150	6. 28. 32. 17. 3. 2	\$1,100 1,000 900 800 750 720	3	\$700 600 500 400

Also 20 porters, messengers, or janitors, who received per annum salaries as follows:

Number.	Salary,	Number.	Salary.	Number.	Salary,
6 1	\$600 600 480	1	\$450 400 300	1	\$240 120

At the close of the year ended June 30, 1900, 277 officers, clerks, messengers, and laborers were employed in this Bureau, and the aggregate amount paid during the year for their salaries was \$329,514.12.

The number of persons employed during the year ended June 30, 1900, under the act of June 13, 1898, was as follows:

In office of Commissioner of Internal Revenue, Washington, D. C., 77; in the several collection districts throughout the country, 339.

# STOREKEEPERS, GAUGERS, ETC.

There were also employed 453 gaugers, who received fees not to exceed \$5 per day, 232 storekeepers and 1,904 storekeepers and gaugers, whose pay did not exceed \$4 per day, and 10 distillery surveyors.

All the foregoing officers are paid only when actually employed. Storekeepers are assigned to those distilleries only which have a surveyed daily capacity exceeding 100 bushels, and are paid such compensation as may be prescribed by the Commissioner of Internal Revenue, not to exceed \$4 per day.

Storekeepers and gaugers are assigned to distilleries having a capacity of 100 bushels or less, which are in operation, and to distilleries of a capacity not exceeding 500 bushels, when under suspension. When the business of bottling spirits in bond is carried on at a distillery of the latter class, if the increase of work so requires, officers performing the separate duty of storekeeper and gauger are assigned thereto.

Under the act of August 28, 1894, storekeepers and gaugers may now be assigned to perform the separate duties of a storekeeper at any distillery, or at any general or special bonded warehouse, or to perform any of the duties of a gauger, under the internal-revenue laws.

The pay of storekeepers and gaugers assigned to distilleries whose registered daily capacity is 20 bushels or less is fixed by law at \$2 per diem. The pay of those assigned to larger distilleries has been graded according to the following scale:

Compensation of storekeepers and gaugers assigned to distilleries in operation having a surveyed daily capacity exceeding 20 bushels, and not exceeding 40 bushels, \$3 per day; compensation of those assigned to distilleries having a surveyed daily capacity exceeding 40 bushels, and not exceeding 60 bushels, \$3.50 per day; compensation of those assigned to distilleries having a surveyed daily capacity exceeding 60 bushels, \$4 per day.

The compensation of officers assigned to distilleries under suspension, having not exceeding 5,000 gallons of spirits in the distillery warehouse and which it is not practicable to place in the hands of a general storekeeper or storekeeper and gauger, is \$2, for such days only as the officer is required to be in attendance to make withdrawals of spirits, or for other necessary purposes. When the quantity of spirits in ware-

house of a suspended distillery exceeds 5,000 gallons, and does not exceed 25,000 gallons, the compensation is \$2 per day of constant attendance; when the quantity of spirits in warehouse of a suspended distillery having a daily capacity exceeding 20 bushels exceeds 25,000 and does not exceed 100,000 gallons, \$3 per day; and when the quantity exceeds 100,000 gallons, \$4 per day.

# RENEWAL OF OFFICIAL BONDS.

I desire to call attention to the useless labor and annoyance imposed upon this Bureau and upon the officers in the field by section 5 of the act of March 2, 1895, requiring the renewal of all official bonds once in four years. The number of internal-revenue officers affected by this provision of law is about 3,000, and the execution of new bonds by them every four years entails upon this office an amount of work in the examination, approval, double entry for reference, etc., which is utterly useless so far as the interests of the revenues are concerned, and simply imposes unnecessary trouble upon the officers themselves.

Prior to the passage of the act referred to, collectors promptly reported all matters affecting the responsibility of the bonds of subordinate officers, such as death or insolvency of sureties, and new bonds were required wherever necessary. Internal-revenue agents were directed from time to time to examine into the financial condition of sureties on collectors' official and disbursing bonds, and additional security was required wherever the interests of the Government required that action. This method was in force for twenty-five years, and was entirely adequate for the purpose.

# CONDITION OF THE SERVICE.

The condition of the force employed in the internal-revenue service, embracing 277 persons employed in this office, 63 collectors, 1,226 deputy collectors, 157 clerks, 453 gaugers, 232 storekeepers, 1,904 storekeeper gaugers, and 44 revenue agents, and an average of about 22 special employees under their direction, making a total of 4,376, is

Throughout the service, both in the office and in the field, there has been maintained a high standard of official ethics, evidenced by high integrity, and good deportment when in contact with taxpayers and when in the discharge of official duties. While in a large measure the credit for the successful administration of the internal-revenue laws during the year was due to the valuable assistance contributed by the subordinate force referred to, I deem it my duty, in the interest of justice, to make a new departure in this part of the report by saying that for the successful and economical manner in which the internal-revenue laws have have been administered much credit is due the millions of taxpayers throughout the country for the generous, patriotic, and prompt manner in which the taxes have been paid—it being the largest annual collection, with a single exception, in the history of the Internal Revenue Bureau.

# REVENUE AGENTS' DIVISION.

During the last fiscal year there were employed 44 revenue agents, 1 as chief of division of agents at this office, 16 in charge of territorial divisions, 6 in examination of the offices and accounts of collectors, and 21 in assisting agents in charge of divisions and on special duty.

## EXPENSES OF REVENUE AGENTS.

There have been expended from the appropriation for salaries and expenses of revenue agents during the year the following amounts:

Aggregate salary of agents . Aggregate amount of traveling expenses . Stationery furnished agents	55, 718. 82
Total.	149, 088, 10

While this report shows the amount expended from the appropriation for the discovery of violations of internal-revenue law, it does not exhibit the correct results obtained thereby, for the reason that many cases discovered within the time named are before the courts or pending a settlement by offers in compromise under consideration in this office, the aggregate results of which would materially increase the sums reported.

In some districts the reports show violations of law discovered and seizures of property and assessments resulting therefrom, while but little and in some instances none of the appropriation for the discovery of violations of law was expended. It will also be observed that these results are generally reported in districts where no illicit production of spirits is discovered. The larger portion of this appropriation is necessarily used in those parts of the country where illicit distillation is carried on to a considerable extent.

The suppression of frauds of this character is very difficult. Stills are illicitly operated in many parts of the country, but they are particularly numerous in the more remote localities and in the mountain regions of several of the Southern States, and on this account extraordinary measures must be taken to discover and seize them. Collectors allege that the means at their hands are entirely inadequate for this purpose, and hence the appropriation for the discovery of violations of internal-revenue laws must be depended upon for this work.

EXPENDITURES FOR THE DISCOVERY AND PUNISHMENT OF VIOLATORS OF LAW.

In accordance with the provisions of the act making an appropriation for such purposes, the following detailed statement of expenditures for detecting and bringing to trial and punishment persons guilty of violating internal-revenue laws is submitted:

AMOUNT EXPENDED THROUGH REVENUE AGENTS,

Name.	Amount.	Name.	Amouní.

en 765 00

The accounts for expenditures under this appropriation are rendered monthly, with an itemized statement, and in all cases supported by proper subvouchers duly sworn to. These accounts pass through all the accounting offices of the Treasury Department and are filed in

the Register's office.

During the year there were fewer illicit stills destroyed than in either of the three preceding years, which is exceedingly gratifying, especially when taken in connection with the fact that during the last few months, in some of the sections of the country where illicit spirits have been produced, distilled spirits have brought better prices than for many years. In my opinion this certainly warrants the conclusion that a liberal fraud fund well applied has materially reduced illicit distilling in the sections referred to. Co-operation and harmony between the internal-revenue officers and the officers of the courts prevail as a general thing, and it is not difficult to secure the arrest of offenders.

In the case of conviction, however, the ends of justice are frequently defeated by the failure to properly punish the offender. Where parties plead guilty, or are convicted without trial, sentences are often suspended, and the guilty parties escape punishment. In view of these conditions, I most urgently suggest that these crimes against the internal-revenue laws should be regarded as serious offenses contemplated by the statute, and punished accordingly.

I desire to call attention to the fact that in communities where this illicit distilling prevails it has been found that the violators of the law are not confined to the unregistered illicit distillers alone, but embrace in many sections a large number of registered distillers, both grain and fruit, who are driven to this course in self-protection, to meet the competition forced upon them by illicit distillers who do not register or make any pretense of complying with the law.

## STAMP DIVISION.

The following statements relate to the manufacture of stamp paper, engraving and printing the stamps, and the receipt, custody, and issue by this office of all internal-revenue stamps of the Government during the fiscal year ended June 30, 1900:

STATEMENT OF NUMBER AND VALUE OF INTERNAL-REVENUE STAMPS ISSUED TO COLLECTORS FROM JULY 1, 1899, TO JUNE 30, 1900.

#### MANUFACTURE OF STAMP PAPER.

After due advertisement in the public prints and by Department circular for proposals to furnish stamp paper for the fiscal year ending June 30, 1901, two sealed bids were presented, which were opened on the 9th day of May, 1900, in the office of the Commissioner of Internal Revenue by a committee appointed by the honorable Secretary of the Treasury to open and consider such bids as might be presented. The various bids submitted having been duly considered, the committee

COMMISSIONER OF INTERNAL REVENUE.

recommended an award of contract to the lowest and best bidder whose proposal conformed to the terms of the circular inviting such bids. Accordingly the contract was awarded on the 12th day of May, 1900, to the New York and Pennsylvania Company of New York, at 4.9 cents per pound, including cost of transportation and delivery at the Treasury Department.

#### PRODUCTION OF STAMPS.

All of the stamps used by this Bureau are engraved and printed by the Bureau of Engraving and Printing, with the exception of stamps for tobacco imprinted on foil wrappers, which are printed and furnished under contract without cost to the Government, and documentary stamps of the denominations of 1 and 2 cents imprinted on checks, drafts and other instruments, by twenty-four contractors situated in business centers convenient for public distribution. Said documentary stamps are imprinted under contracts without cost to the Government, the contractors reimbursing the Government for the salaries of agents and other employees necessary to the careful supervision of the work of imprinting said stamps.

#### STOCK OF STAMPS IN VAULT.

The stock of stamps in the vaults of this office October 1, 1900, of the various classes and denominations was 303,553,627, and the value of same \$78,434,401.65.

## TOBACCO DIVISION.

The revenue derived from taxes imposed on manufactured tobacco products of domestic and foreign manufacture during last fiscal year was \$59,022,007.34, not including \$3,973.81 miscellaneous collection.

The collection from each source was as follows:

From smoking and chewing tobacco	\$33, 477, 244, 26
From cigars taxed at \$3.60 per thousand.  From cigars taxed at \$1 per thousand.	
From cigarettes taxed at \$3.60 per thousand	16, 014. 21

This amount includes internal-revenue tax paid by manufacturers and importers on domestic and imported manufactured tobacco products, except those coming from Porto Rico on and after May 1, 1900.

The internal-revenue taxes collected from imported manufactured tobacco, snuff, cigars, and cigarettes are the same as taxes imposed on like articles of domestic manufacture in addition to the rates of duty levied and collected upon the imported article entered for consumption in the United States.

The receipts from tobacco for last fiscal year, not including miscellaneous collections, exceeded those of the previous year, the increase amounting to \$7,748,481.82. The increase over the two preceding fiscal years was as follows: \$22,801,430.10 over the year 1898 and \$28,311,709.92 more than the year 1897.

# INCREASED RECEIPTS.

The increased collections over those for the preceding fiscal year from each source of taxation were as follows:

From smoking and chewing tobacco From snuff. From cigars taxed at \$3.60 per 1,000 From cigars taxed at \$1 per 1,000 From cigarettes taxed at \$3.60 per 1,000.	2, 831, 476, 77 99, 481, 30 6, 552, 82
Total Decrease, cigarettes taxed at \$1.50 per 1,000	7, 999, 058. 59

#### COMPARATIVE STATEMENT.

The following exhibits show in detail the receipts for the fiscal year ended June 30, 1900, as compared with the receipts for the three previous fiscal years:

a Includes 4,321,480,253 at \$3 and 183,780,264 at \$3.60. b Includes 282,033,286 at 6 cents and 6,127,327 at 12 cents, c Includes 14,919,117 at 6 cents and 306,017 at 12 cents.

The tax on manufactured tobacco and snuff was increased by the act of June 13, 1898, from 6 to 12 cents per pound, while the tax on large cigars and large cigarettes, weighing more than three pounds per thousand, was increased from \$3 to \$3.60 per thousand, an increase of twenty per cent; while the tax on cigarettes weighing not more than three pounds per thousand was increased from \$1 to \$1.50 per thousand, an increase of fifty per cent.

Small eigars, weighing not more than 3 pounds per thousand, pay a tax of \$1 per thousand under the act of July 24, 1897, the tax imposed by that act not being disturbed by the act of June 13, 1898.

# ANNUAL PRODUCTION OF TOBACCO, SNUFF, CIGARS, AND CIGARETTES.

The following tables will show, approximately, the production and consumption of tobacco, snuff, cigars, and cigarettes, respectively, in the United States during the fiscal year ended June 30, 1900, estimated from the receipts from the sale of stamps for such domestic goods as were withdrawn from the factory, tax paid, and imported goods also withdrawn, tax paid, from public stores and bonded warehouses for consumption. These goods, together with those removed in bond from the factory for export, form the basis for the computations:

#### TOBACCO AND SNUFF PRODUCED.

	the state of the s	
3	Tobacco withdrawn, tax paid. Snuff withdrawn, tax paid.	Pounds, 278, 977, 036 14, 917, 418
	Total tobacco and snuff taxed. Add tobacco and snuff exported.	293, 894, 453 11, 696, 846
	Total.  Deduct tobacco and snuff imported.	305, 591, 299 303, 841
	Net total domestic production for 1900  Total production for 1899	305, 287, 458
		200, 379, 378
	Increase for 1900	38, 912, 080

The increase in quantity of tobacco and snuff withdrawn, tax paid, for consumption was 42,134,639 pounds; the decrease in tobacco and snuff exported was 3,205,092 pounds, and the increase in tobacco and snuff imported was 17,467 pounds.

The importations of manufactured tobacco products, as given in the foregoing and succeeding tables, include only tobacco products which were withdrawn from warehouse tax paid and those entered for immediate consumption on arrival.

Note.—The tables do not include tobacco products coming from Porto Rico on and after May 1, 1900.

#### CIGARS.

Ciga	us, domestic and imported, withdrawn tax-paid at \$3.60 per	Number.
Nun	lousand	5, 316, 273, 561 1, 408, 247
	Total, including those taxed and those exported	5, 317, 681, 808 34, 610, 916
Tax	Net total domestic production, 1900	5, 283, 070, 892
	Total 4, 531, 945, 146 imports for 1899 32, 243, 500	4, 499, 701, 646
FEE	Increase for 1900	792 200 040

The increase in number of cigars withdrawn for consumption, tax-paid, was 786,401,257; and decrease in number of cigars exported decrease in number of large cigars exported when it is understood that the former exports included both large and July 1, 1899.

#### SMALL CIGARS

Cigars, domestic, withdrawn tax-paid at \$1 per thousand,  Add number exported  Total taxed and exported	Number, 646, 896, 820 760, 000
axed in 1899	647, 656, 820
Increase in 1900	100, 241, 300

#### CIGARETTES.

Cigarettes withdrawn tax-paid at \$1.50 per thousa Cigarettes withdrawn tax-paid at \$3.60 per thousa	nd	2,635,451,392 $4,448,388$
Total taxed		2, 639, 899, 780 1, 101, 578, 670
Total, including those taxed and those expo Less number imported (estimated average 3 pound	ortedds per thousand)	3, 741, 478, 450 6, 709, 333
Total, domestic cigarettes, produced Taxed in 1899	2,805,130,736	
Total	4, 048, 223, 576 5, 250, 666	
Decrease in 1900		308, 203, 793

There was a decrease of 167,051,181 in the number of cigarettes taxed at \$1.50 per thousand, and an increase of 1,820,225 cigarettes taxed at \$3.60 per thousand, and a decrease of 141,514,170 cigarettes exported, and an increase of 1,458,667 in the number imported.

The statistics relating to importations of tobacco and its manufactures were obtained from the Bureau of Statistics, Treasury Department. These statistics gave the weight in pounds and not the actual number of cigars and cigarettes entered for consumption.

#### MANUFACTURERS OF TOBACCO.

Chapter 3, section 3244, article 9 of the Revised Statutes of the United States defines the business of a manufacturer of tobacco.

The first paragraph of section 69 of the tariff act of August 28, 1894,

is a reenactment, in part, of that statute.

The second paragraph of the aforesaid section enlarges the original definition of a manufacturer of tobacco, and includes a class of persons who had formerly sold leaf tobacco in small quantities, less than a case or bale, at retail, or who had sold leaf tobacco directly to consumers or to persons other than duly registered dealers in leaf tobacco, or duly registered manufacturers of tobacco or cigars, or to persons who purchase leaf tobacco in packages for export.

This act provides that farmers and growers of tobacco who sell leaf tobacco of their own growth and raising shall not be regarded as

manufacturers of tobacco.

At the present time there is one rate of tax, 12 cents per pound, imposed on all tobacco products other than cigars and cigarettes.

The act of June 6, 1872, imposed a uniform rate of tax of 20 cents per pound on all kinds of manufactured tobacco except snuff, instead of the two rates, 16 and 32 cents, imposed by the act of July 20, 1868.

This act of June 6, 1872, however, did not disturb the rate of tax

levied upon snuff, 32 cents per pound.

Section 3368, Revised Statutes, defined the several snuff and tobacco products upon which the taxes were directed to be levied and collected; and while it prescribed, as before stated, two separate rates of tax, one on snuff, reenacting the previous statute as to rate of tax on this article, and a different rate on tobacco products, it was the first act to include in one class all kinds of manufactured tobacco except snuff, cigars, and cigarettes.

The act of March 3, 1875, increased the rate of tax on tobacco to 24 cents per pound, but did not change the rate, 32 cents per pound, previously levied upon snuff.

The act of March 1, 1879, reduced the tax, both on manufactured

tobacco and snuff, to 16 cents per pound.

The tax on these products was again reduced to 8 cents per pound

by the act of March 3, 1883.

The 32-cent rate on snuff was in force more than 10 years; the 20-cent rate on tobacco 2 years and 8 months; the 24-cent rate on tobacco 4 years and 2 months; the 16-cent rate, both on tobacco and snuff, was in force 4 years, while the 8-cent rate, both on tobacco and snuff, was in force 7 years and 7 months, and this last rate remained in force until October 1, 1890, when, under the McKinley tariff bill of that date, the tax was reduced, both on manufactured tobacco and snuff, to 6 cents per pound.

This rate remained in force until June 13, 1898, date of the warrevenue bill. The 6-cent rate having taken effect on January 1, 1891, was superseded by the 12-cent rate on June 14, 1898, the 6-cent rate

having been in force 7 years and 5 months.

Section 3 of the act of June 13, 1898, provides that there shall be levied and collected a tax of 12 cents per pound upon all tobacco and snuff, however prepared, manufactured and sold or removed for consumption and sale. While a uniform specific rate of tax is imposed upon all kinds of manufactured tobacco and snuff, this act imposes

separate and specific rates of tax upon cigars and cigarettes.

Section 10 of the act of July 24, 1897 (Dingley tariff bill), imposed a new rate of tax upon small eigars and eigarettes, and classified these taxable articles under four heads and defined each article, and imposed a tax of \$3 per thousand on large cigars and large cigarettes, and a tax of \$1 per thousand upon cigarettes and small cigars weighing not more than 3 pounds per thousand, increasing the tax on these last articles from 50 cents to \$1 per thousand, but leaving the rate of tax the same on cigars, cheroots, and large cigarettes. This \$3-rate was in force more than fifteen years.

Under the act of June 13, 1898, the tax was increased 20 per cent on large cigars and cigarettes and 50 per cent on small cigarettes.

The \$1-rate on small cigars was not disturbed.

The classifications and definitions relating to manufactured products, now clearly established by law, have had the effect of reducing contentions, and under the present rules there is no opportunity for evading the tax on any given article on account of the character of the article proposed to be taxed.

This office holds, and so administers the law, that all raw or leaf tobaccos, tobacco stems in their natural condition, not rendered unfit for use in manufacturing some tobacco product, and all clippings, cuttings, refuse scraps, sweepings of tobacco, broken or fragmentary tobacco, the by-products of tobacco and cigar factories, and all leaf tobacco twisted by hand or otherwise reduced to a condition fit for immediate consumption, or changed in any manner from the ordinary method of drying and curing leaf tobacco upon the farm and prepared for involved to the consumption of the consumption for immediate use, are regarded as manufactured-tobacco products subject to tax, which must be properly packed, labeled, and stamped

before removal from the place of manufacture for consumption or sale. The tobacco growers in the State of Louisiana produce a special

37

type of tobacco-perique—peculiar to that State, which is manufactured in torquettes or carrottes.

Producers of perique tobacco are required to qualify as manufacturers of tobacco, and their product is regarded as a manufactured tobacco subject to tax when sold for consumption. They are, however, enabled, under section 3362, Revised Statutes, as amended, and by regulations prescribed by the Commissioner of Internal Revenue, to sell this tobacco, in form of carrottes, in bulk and without payment of tax, directly to other legally qualified manufacturers of tobacco, to be cut or granulated and used as material in the manufacture of eigarettes or smoking tobacco.

Notwithstanding the increased rates of tax imposed upon tobacco products there has not been shown any disposition on the part of growers, manufacturers, or leaf dealers, except in a few isolated cases, to evade the taxes imposed by the statutes; and a faithful observance of the law and regulations by revenue officers, manufacturers, and leaf dealers has been general.

TOBACCO PRODUCTS MANUFACTURED DURING CALENDAR YEAR 1899 (NOT INCLUDING CIGARS AND CIGARETTES).

Note.—The above tables relating to imports, exports, and duties were prepared by the Bureau of Statistics, Treasury Department.

STATEMENT RESPECTING THE MANUFACTURE OF TOBACCO PRODUCTS FOR THE CALENDAR YEAR 1899.

The subjoined tables, numbered from 1 to 6, inclusive, localize the manufacture of cigars, cigarettes, tobacco, and snuff among the different States and districts, and show the number of persons and firms engaged in each branch of manufacturing, the quantity of different kinds of material used, and the quantity and kinds of products manufactured. These tables are compiled for the calendar year ended December 31, 1899, instead of the fiscal year ended June 30, 1900; which fact will account for any apparent discrepancies between this and the previous part of the report relating to tobacco production.

Tables Nos. 1, 2, and 3 relate to the manufacture of cigars and cigarettes.

The total number of cigar manufacturers for whom accounts were rendered for the calendar year 1899 was 28,523.

The total number of cigars made, weighing more than 3 pounds per thousand, was 4,909,566,840; an increase of 450,729,874 when compared with the production of 1898.

The total number of eigars made, weighing not more than 3 pounds per thousand, was 622,318,245; an increase over 1898 of 165,491,861

The total number of eigarettes made was 3,744,975,403, showing a decrease of 640,808,494 from the previous year,

It is found from the manufacturers' reports that the average quantity of leaf tobacco used in making 1,000 cigars weighing more than 3 pounds per thousand was 18.55 pounds, and in making 1,000 cigars weighing not more than 3 pounds per thousand was 4,45 pounds.

The quantity of leaf tobacco used in making large cigarettes was 27,705 pounds, an average of 10.61 pounds per thousand cigarettes; and the quantity used in making cigarettes weighing not more than 3 pounds per thousand was 14,389,242 pounds, an average of 8.84 pounds per 1,000 cigarettes.

Tables Nos. 4, 5, 6, and 7 relate to tobacco and snuff.

There was a decrease of 625 in the number of tobacco factories operated, as compared with the previous year.

There was an increase in the quantity of leaf and scrap tobacco used of 11,598,952 pounds, and an increase in all other material used.

There was an increase of 1,115,761 pounds in the quantity of snuff manufactured, and an increase of 13,228,068 pounds of smoking tobacco, and an increase in the quantity of plug and fine cut manufactured, as follows:

	Pounds.
Plug tobacco	4, 878, 849
Fine-cut tobacco.	272, 607

The States in which the largest quantities of chewing and smoking tobacco were produced were Missouri, Kentucky, Virginia, North Carolina, New York, and Ohio. The First Missouri was the largest producing district, in which the returns show the manufacture of 66,935,271 pounds.

The next largest manufacturing district was the Fifth Kentucky, producing 35,692,097 pounds. The total production by States was as follows (States producing less than 10,000,000 pounds per annum not included):

	Pounds.
Missouri	. 67, 432, 305
Kentucky	. 40, 022, 452
North Carolina.	. 34, 952, 401
Virginia	
Ohio	
New York	
New Jersey	
Michigan	
Maryland	
Illinois	. 10, 980, 649

Note.—The returns for the Second Virginia district do not include 6,917,469 pounds of tobacco manufactured at bonded manufacturing warehouses and withdrawn for export during the last fiscal year.

Snuff was manufactured in thirty districts; thirteen factories, how-

ever, produced less than 6,000 pounds each.

There was an increase in production of snuff over the previous year of more than 10 per cent, the total production amounting to 14,729,392 pounds, of which amount 4,091,847 pounds were manufactured in the First Pennsylvania district; 3,306,604 pounds in the Fifth New Jersey; 3,050,068 in the Fifth Tennessee, while Maryland was the next largest district, producing 1,869,026 pounds.

## LEAF TOBACCO.

Quantity of leaf tobacco used in the production of large cigars.....

Quantity of leaf tobacco used in the production of small cigars.  Quantity of leaf tobacco used in the production of cigarettes.  Quantity of leaf and scrap tobacco used in the production of chewing and smoking tabacco and snuff	14 410 04
Total leaf tobacco used	362, 257, 669

Average quantity of leaf tobacco used per 1,000 large cigars.	
Average quantity of leaf tobacco used per 1,000 large cigars.  Average quantity of leaf tobacco used per 1,000 small cigars.  Average quantity of leaf tobacco used per 1,000 large cigarettes.  Average quantity of leaf tobacco used per 1,000 small cigarettes.	

### OPIUM.

The tariff act of October 1, 1890, section 36 (26 Stat. L., 567), imposes an internal-revenue tax of \$10 per pound upon all opium

manufactured in the United States for smoking purposes, and provides that no person shall engage in such manufacture who is not a citizen of the United States and who has not given the bond required by the Commissioner of Internal Revenue.

This act also imposed a duty of \$12 per pound on the imported article, but admitted the importation of crude or unmanufactured opium

free of duty.

The tariff act of August 28, 1894, reduced the duty on the imported article to \$6 per pound; and this rate was reimposed by the tariff act of July 24, 1897, which imposed a tax of \$1 per pound on opium, crude or unmanufactured.

The reduction of the duty on the imported article and the imposition of a duty on crude or unmanufactured opium has discouraged its manufacture, and as a result there are in the United States no qualified manufacturers, and while a number of persons have been arrested and their material and utensils forfeited for violation of the statute, no internal-revenue tax has been collected from this source.

#### CHEWING GUM.

The act of June 13, 1898, under Schedule B, levies a tax on chewing gum, or substitutes therefor, as follows:

For and upon each box, carton, jar, or other package containing chewing gum of not more than \$1 of actual retail value, 4 cents; if exceeding \$1 of actual retail value, for each additional dollar or fractional part thereof, 4 cents; under such regulations as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may prescribe.

In pursuance of the aforesaid act regulations were prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, which were published in Department Circular No. 120, under date of June 27, 1898, relating to the manufacture, packing, and sale of chewing gum, or substitutes therefor, and the collection of tax on this product from the manufacturers before the

same was placed on the market for sale at retail.

Manufacturers are required at the close of each month to file with the collector of internal revenue for the districts in which they reside a declaration that no chewing gum, or substitutes therefor, has been removed from the place of manufacture without payment of tax, as provided in section 23 of the aforesaid act; but manufacturers have not been required to make any return which would show the kind or quantity of material used in manufacturing, or the quantity of chewing gum removed from the place of manufacture, or the amount of tax paid thereon. The revenue derived from this source of taxation during the fiscal year ended June 30, 1899, amounted to \$326,105.49, and during the fiscal year ended June 30, 1900, amounted to \$366,530.95.

## DIVISION OF LAW.

The following is an abstract of reports of district attorneys for the fiscal year 1899–1900 of internal-revenue suits and prosecutions pending, commenced, and disposed of:

ABSTRACT OF REPORTS OF DISTRICT ATTORNEYS FOR THE FISCAL YEAR 1899-1900 OF INTERNAL-REVENUE SUITS AND PROSECUTIONS PENDING, COMMENCED, AND DISPOSED OF.

#### ABATEMENT AND REFUNDING OF TAXES.

#### ABATEMENT CLAIMS.

On the first of July, 1899, there were pending 1,094 claims for abatement of assessed taxes, amounting to \$500,746.80, and during the year 6,376 claims, amounting to \$653,347.11, were presented.

Of these, 3,946 claims, amounting to \$697,966.24, were allowed during the fiscal year, and 764 claims, amounting to \$106,232.88, were rejected or returned for amendment.

This left 2,760 claims for abatement pending on the 30th of June,

1900, amounting to \$349,894.79.

Since that date and up to October 1, 1900, 680 other claims have been filed, amounting to \$136,937.11, and 485 claims have been allowed, amounting to \$67,256.16, and 200 claims rejected or returned for amendment, amounting to \$43,989.87; and on the first of October, 1900, 2,755 claims for abatement were pending, amounting to \$375,585.87.

These numbers and amounts embrace both claims for abatement of taxes erroneously assessed and claims for credit for taxes as uncollectible.

#### REFUNDING CLAIMS.

On the 1st of July, 1899, there were pending 5,172 claims for the refunding of taxes collected, amounting to \$739,050.34, and during the year 4,190 other claims, amounting to \$1,337,096.99, were presented. Of these, 5,450 claims, amounting to \$365,235.29, were allowed during the fiscal year, and 1,162 claims, amounting to \$1,140,983.65, were rejected or returned for amendment.

Two thousand seven hundred and fifty claims for refunding were pending July 1, 1900, amounting to \$569,928.39. Since that date and up to October 1, 1900, 1,224 other claims, amounting to \$561,774.86, have been received, and 1,556 claims, amounting to \$549,239.25, have been allowed, and 313 claims, amounting to \$116,998.40, have been rejected or returned for amendment. On the 1st of October, 1900, 2,105 claims for refunding, amounting to \$465,465.60, were pending.

A large class of refunding claims arose under the decision of the United States Supreme Court at the October term, 1899, in the case of Knowlton et al., Executors, v. Moore, Collector, for recovery of taxes paid upon legacies. (Treasury decision No. 129.)

Another large class of claims arose under the opinion of the Attorney-General rendered December 27, 1898, to the effect that tax-paid fermented liquors in possession of liquor dealers on June 14, 1898, when the increase in the rate of tax took effect, were not subject to the additional tax. (Treasury decision No. 20464.)

Another considerable class of claims arose under the opinion of the Attorney-General rendered February 4, 1899, to the effect that the undivided profits of banks are not taxable as capital. (Treasury deci-

Another considerable class of claims from brewers arose under the decision of the United States circuit court of appeals for the first cirsuit, fixing the time at which the act of July 24, 1897, took effect as six minutes past 4 o'clock p. m.

# REAL ESTATE ACQUIRED BY THE UNITED STATES UNDER THE INTERNAL-REVENUE LAWS.

There are three ways by which the Government acquires title to real estate under the internal revenue laws:

1. By purchase on sales under distraint by collectors. 2. By purchase on sales by marshals under execution. 3. By judgment of forfeiture.

The Commissioner of Internal Revenue has charge of all real estate so acquired, and is authorized, with the approval of the Secretary of the Treasury, to sell, at public vendue, such real estate.

H. Doc. 11-5

The following is a statement of the tracts or lots of land held by the United States under the internal-revenue laws on the 30th day of June, 1900:

District.	Number of tracts or lots of land.	, District.	Number of tracts or lots of land.
Alabama Arkansas Florida Georgia Illinois, Eighth district Kentucky Seventh district	27 2 1 18 1	Missouri, First district North Carolina, Flith district. Tennessee: Second district. Fifth district Texas, Fourth district. Virginia, Sixth district.	35 12 27 2
Eighth district	7	Total	136

Five sales of real estate were made during the fiscal year 1899-1900 and quitclaim deeds were executed to the purchasers.

In nineteen cases, after investigation, the property was found to be valueless to the United States by reason of defective title, etc., and the records were amended to show that the cases were finally disposed of.

Four suits in ejectment were instituted during the fiscal year ended June 30, 1900—three in Alabama and one in Kentucky.

The United States acquired title to real estate in nine cases during the fiscal year.

#### MONEYS PAID TO COLLECTORS.

The following is a statement of the amounts paid to collectors arising from fines and penalties, proceeds of in rem cases, costs, and in settlement of cases by compromise during the fiscal year ended June 30, 1900, as reported by clerks of courts (Form 158) and by collectors of internal revenue:

# DECISIONS IN THE UNITED STATES SUPREME COURT.

#### LEGACY TAX CASES.

Eben J. Knowlton et al., Executors, etc., plaintiffs in error, v. Frank R. Moore, Collector, etc.

The Fidelity Insurance, Trust, and Safe Deposit Company, Executor, etc., plaintiff in error, v. Penrose A. McClain, Collector.

Shirley T. High et al., appellants, v. F. E. Coyne as Collector, etc.,

George T. Murdock, Executor, etc., plaintiff in error, v. John G.

Ward, Collector, etc.

George D. Sherman, plaintiff in error, v. The United States.

These test cases were decided in the United States Supreme Court,

May 14, 1900. The contention was that the legacy tax was unconstitutional upon the

following grounds:

(1) That it constitutes a direct tax.(2) That it is not uniform. (2) That it is not uniform for the reason that it exempts from its operation legacies under the value of \$10,000, and because it provides for a progressive tax, and is invalid on other grounds of inequality and want of uniformity.

(3) That the right of inheritance is a privilege or franchise within the exclusive power of the State to grant and regulate and not subject to abridgment or taxation

by the General Government.

Another point involved was that the tax does not attach to any individual legacy unless such legacy exceeds the sum of \$10,000.

Under the provisions of section 29 of the act of June 13, 1898, it was held by this office that the tax attaches to every legacy, however small, arising from personal property passing after the passage of the act into the possession or enjoyment of the legatee, and "arising from personal property where the whole amount of such personal property as aforesaid shall exceed the sum of \$10,000 in actual value.

The decision of the Supreme Court sustained the constitutionality of

the law. (Treas. Dec., No. 129.)

The tax was held not to be a direct tax within the meaning of the Constitution, but, on the contrary, a duty or excise. The uniformity clause of the Constitution was held to relate only to geographical uniformity. It was held that legacies not exceeding \$10,000 were not taxable, and that the rate of tax was progressively increased by the amount of each separate legacy or distributive share, and not by the whole amount of the personal estate of the deceased from which the legacies or distributive shares were derived.

This decision operates to lessen considerably the estimated amount of tax which will be realized from section 29 of the act of June 13, 1898. It also makes it necessary to refund a considerable amount.

In the cases of Murdock, Executor, v. John G. Ward, Collector, and Sherman v. The United States, it was held that legacies consisting of United States bonds were subject to tax.

# STAMP TAX ON EXPRESS PACKAGES.

The Supreme Court decided April 16, 1900, the cases of the American Express Company v. Michigan, and Crawford v. Hubbell, treasurer of Adams Express Company, involving the question whether the shipper or the carrier shall pay for the stamp which the war-revenue act requires on receipts of goods accepted for carriage and transportation.

The cases arose from an effort to compel express companies to accept packages for transportation without requiring the shipper to provide or pay for a revenue stamp in addition to the usual or ordinary charges that existed before July 1, 1898, when the act went into effect.

The following is a statement of the points involved:

First. Does the war-revenue act of June 13, 1898, impose upon the carrier exclusively the tax represented by the stamp to be attached to each bill of lading, manifest, or other evidence of receipt required to be issued to each shipper of goods accepted by the carrier for transportation, or does it impose the tax merely upon the transaction of the shipment, leaving it to be paid indefinitely by either party thereto?

Second. If the war-revenue act of June 13, 1898, does impose such tax exclusively upon the carrier, does it preclude the carrier who is by such act required to issue to each shipper a bill of lading, manifost, or other evidence of receipt, from relieving itself of the expense of affixing and canceling the stamp required to be attached to such bill of lading, manifest, or other evidence of receipt?

The court held that express companies are not forbidden to shift the burden of the stamp tax by an increase of rates which are not unreasonable. (Treas. Dec. (1900), Int. Rev., No. 100; 177 U. S., 404.)

#### COLLECTORS' RECORDS.

JOHN T. BOSKE, SHERIFF OF KENTON COUNTY, KY., V. DAVID N. COMINGORE.

This case was appealed from the decision of the United States district court for the district of Kentucky. It was decided in the United States Supreme Court April 9, 1900. The judgment of the district court was affirmed, and the position of this Office sustained.

The following points were established:

The reports made by a distiller, or by storekeepers or other officers, to a collector under the internal-revenue laws, are in no sense public records, but are executive documents which the United States, in its sovereign capacity, has acquired for the sole purpose of administering its own governmental affairs, and are its private property, the custody and use of which the Secretary of the Treasury has the lawful authority to control by proper regulations.

Under Revised Statutes, sections 161, 251, 321, a regulation promulgated by the Commissioner of Internal Revenue, under the direction of the Secretary of the Treasury, prohibiting collectors from producing the records of their offices, or furnishing copies thereof, for the use of third persons, or for use as evidence in behalf of litigants in any court, is a valid and binding regulation; and neither a State nor a State court has authority to require a collector to violate it, or to punish him for contempt because of his refusal to produce such records, or to testify to their

There is no statute of the United States requiring or permitting a collector of internal revenue to make or certify copies of reports on file in his office, and a State has no authority, either in its sovereign capacity or as a litigant, to impose such duty upon him.

# The court said:

The papers in question, copies of which were sought from the appellee, were the property of the United States, and were in his official custody under a regulation forbidding him to permit their use except for purposes relating to the collection of the revenues of the United States. Reasons of public policy may well have suggested the necessity, in the interest of the Government of not allowing access to the record in the affices of callectors of interval revenue against the record in the affices of callectors of interval revenue against the record in the affices of callectors of interval revenue against the affices of callectors of interval revenue against the affice of callectors of interval revenue against the collection of the record in the affices of callectors of interval revenue against the affice of callectors of interval revenue against the collection of the record in the record in the collection of the collection of the revenues of the United States. to the records in the offices of collectors of internal revenue, except as might be directed by the Secretary of the Treasury. The interests of persons compelled, under the revenue laws, to furnish information as to their private business affairs would at the control of the discountry of the discoun would often be seriously affected if the disclosures so made were not properly guarded. Besides, great confusion might arise in the business of the Department if the Secretary allowed the use of records and papers in the custody of collectors to

depend upon the discretion or judgment of subordinates. At any rate, the Secretary deemed the regulation in question a wise and proper one, and we can not perceive that his action was beyond the authority conferred upon him by Congress. In determining whether the regulations promulgated by him are consistent with law, we must apply the rule of decision which controls when an act of Congress is assailed as not being within the powers conferred upon it by the Constitution-that is to say, a regulation adopted under section 161 of the Revised Statutes should not be disregarded or annulled unless, in the judgment of the court, it is plainly and palpably inconsistent with law. Those who insist that such a regulation is invalid must make its invalidity so manifest that the court has no choice except to hold that the Secretary has exceeded his authority and employed means that are not at all appropriate to the end specified in the act of Congress.

In our opinion, the Secretary, under the regulations as to the custody, use, and preservation of the records, papers, and property appertaining to the business of his Department, may take from a subordinate, such as a collector, all discretion as to permitting the records in his custody to be used for any other purpose than the collection of the revenue, and reserve for his own determination all matters of that

character. (Treas. Dec. (1900), No. 104; 177 U. S. R., 459.)

DECISIONS IN THE UNITED STATES CIRCUIT AND DISTRICT COURTS, AND IN THE UNITED STATES CIRCUIT COURT OF APPEALS.

DISCOUNT ON BEER STAMPS.

WM. GERST BREWING CO. V. D. A. NUNN, COLLECTOR OF INTERNAL REVENUE, FIFTH DISTRICT OF

A suit was brought by William Gerst, trading under the name and style of Wm. Gerst Brewing Company, to recover from Collector D. A. Nunn, fifth district of Tennessee, the sum of \$810.75. In this case an order was given to Collector Nunn for stamps, July 23, 1897. July 24, about 9 o'clock in the morning, the stamps were furnished. the discount of 7½ per cent being allowed in accordance with the provisions of section 3341, Revised Statutes. The President signed the Dingley Act, which repealed the discount (act of July 24, 1897), about four minutes past 4 in the afternoon. The Gerst Brewing Company was assessed \$810.75, being the amount of discount which was allowed on that day. It was contended on behalf of the Government that the Dingley Act repealing the provision allowing the 7½ per cent discount became operative from the first moment of the day of its approval, that is, on and after midnight of July 24, 1897. It was also contended that the Gerst Brewing Company was not entitled to the 71 per cent discount because the purchase of stamps by a brewer does not pay the tax, the tax being paid only when the stamps are placed on the barrels for the purpose of putting the product on the market, and that before the stamps were thus used the law allowing the discount was repealed. Both contentions were decided adversely to the Government, and the case was carried by writ of error to the United States circuit court of appeals. That court gave a decision against the Government February 12, 1900. (99 Fed. Rep., 939.)

NASSAU BREWING CO. V. MOORE, COLLECTOR. INDIA WHARP BREWING CO. V. SAME. OCHS V. SAME. JOSEPH FALLERT BREWING CO., LIMITED, V. SAME. (CIRCUIT COURT, EASTERN DISTRICT OF NEW

These suits by brewing companies against the Collector of Internal Revenue were of the same character, and were decided against the Government (97 Fed. Rep., 206). The following is an extract from the opinion of the court:

When the Government of the United States, following the practice observed by it or many years, sold at a deduction of 7½ per cent a stamp of the denomination of \$1, and assured the purchaser that the stamp was worth a whole dollar for the purpose of paying taxes, such stamp should have a tax-paying power equal to the highest obligation issued by the Government; and if, after such sale, the purchaser used the stamp in his business, he should be deemed to have fulfilled every obligation resting upon him, and to have perfected the right initialed by his purchase.

FREDERICK E. COYNE, COLLECTOR OF INTERNAL REVENUE FOR THE FIRST DISTRICT OF ILLINOIS, PLAINTIFF IN ERROR, V. MANHATTAN BREWING COMPANY.

The point in this case was the same as in those above mentioned. The case was taken to the United States circuit court of appeals and a decision was rendered at the May session, 1900, as follows:

Before Woods and Jenkins, circuit judges, and Bunn, district judge, per curiam: This case is not essentially different from that of Nunn v. William Gerst Brewing Co. (99 Fed., 939), recently decided by the United States circuit court of appeals for

The judgment below is affirmed.

This office decided not to contest the matter any further, but accepted the decision of the court in these cases. (Treas, Dec., No. 175, July 7, 1900.)

STAMP-TAX ON DRAMSHOP BONDS GIVEN BY SALOON KEEPERS UNDER STATE LAWS.

UNITED STATES V. AMBROSINI.

Under the laws of the State of Illinois and the ordinances of the city of Chicago it is necessary for a party making application for license as saloon keeper to file with the city collector a bond. The case of United States v. Ambrosini involved the question as to whether the Government can require such bonds to be stamped under the war-revenue act of 1898. It was claimed by the defendant that the taxation by the Government of bonds issued in the exercise of the licensing power of the city and State might become burdensome and deprive the State of its power in its sovereign capacity to regulate the licensing of occupations and carrying out its police and revenue regulations.

This case was decided in favor of the Government. Judge Seaman overruled the motion to quash the indictment, holding that the bond

\* \* \* In no sense the act or obligation of the public or of a representative of the public, but is the applicant's individual undertaking to obtain a personal privilege, and as such is certainly not an immune in respect of stamp duties required of other tration is affected directly or indirectly by the tax so imposed, as the bond must be executed and stamped when tendered; and, if in any view an instrumentality of the No. 40.)

When the case was tried Judge Kohlsaat concurred in the opinion of Judge Seaman and the defendant was found guilty. The defendant appealed and the case is now pending in the Supreme

Another case was brought in the United States district court, eastern judicial district of Missouri, entitled "United States v. J. L. Owens," in which the same question was involved. The chief point advanced

79

by the defendant was that to permit the Federal Government to tax such bonds would be an interference with the exercise by the State of its ordinary instrumentalities.

This case was decided against the Government, the court holding that the bond was one of the conditions of granting a license and was an instrumentality employed by the State to enforce its laws enacted in the exercise of its police power and not liable to stamp duty. (100 Fed. Rep., 70.)

#### STAMP TAX ON BOND OF A NOTARY PUBLIC.

WARWICK v. B. BETTMANN, COLLECTOR OF INTERNAL REVENUE, FIRST DISTRICT OF OHIO.

The plaintiff in this case was a notary public of the State of Ohio. He was required by the laws of the State to file a bond in the sum of \$1,500, conditioned for a faithful performance of the duties of said office. He was required by the rulings of this office to affix an internal-revenue stamp of the denomination of 50 cents to such bond, under Schedule A, act of June 13, 1898. He paid the stamp tax and instituted a suit against the collector for its recovery, claiming exemption on account of the provision of section 17 of said act, which is as follows:

That it is the intent hereby to exempt from the stamp taxes imposed by this act such State, county, town, or other municipal corporations in the exercise only of functions strictly belonging to them in their ordinary governmental, taxing, or municipal capacity.

The court held that the tax collected was a tax on his right to qualify, in conformity with the law of Ohio, for the office to which he had been appointed, and was a restraint upon his duty to qualify, which might be made practically prohibitive, and was a restraint upon the State in the exercise of its functions in the appointment and qualification of its officers and agents for ordinary governmental purposes, and, therefore, illegal. (102 Fed. Rep., 127.)

As this was an important constitutional question, and involved the question of the tax on bonds of all State officers, the case has been taken to the United States circuit court of appeals.

#### STAMP TAX ON STOCK TRANSACTIONS.

J. B. FLESHMAN & CO. v. P. A. M'CLAIN, COLLECTOR, FIRST DISTRICT OF PENNSYLVANIA.

A suit was instituted against P. A. McClain, collector for the first district of Pennsylvania, by J. B. Fleshman & Co., brokers, for the recovery of certain stamp taxes, amounting to \$5,627.90, collected from them pursuant to instructions from this office. The assessment against Fleshman & Co. was for failure to stamp memoranda of stock transactions under Schedule A, act of June 13, 1898, and was made under the ruling in Treasury Decisions, No. 21275, viz:

In the case of every agreement to sell at a bucket shop there is both a presumptive buyer and a presumptive seller, and this is true whether the customer agrees to sell stock to the manager of the place or the manager of the place agrees to sell stock to the customer. In either case a memorandum of the agreement must be made and stamped

Where an agreement of sale has been made and no delivery of stock takes place, and the party holding the agreement of sale wishes to close the transaction by disposing of his interest in said agreement, and settles with the holder of the contract

by paying the difference between the agreed price and the market price, in contemplation of law there is an agreement to resell the shares to the original seller, which must be evidenced by a written memorandum, to which a stamp must be affixed according to the par value of the stock so resold.

This case was decided against the Government upon the ground that the taxes under consideration, being stamp taxes, were not properly assessable. A writ of error was taken to the United States circuit court of appeals.

## STAMP TAX ON CALLS.

A suit was instituted in the southern district of New York by S. V. White against Charles H. Treat, collector of internal revenue for the second district of New York, to recover \$604 paid by the plaintiff as stamp tax on stock transactions denominated as "calls." This tax was collected in accordance with an opinion rendered by the Attorney-General April 27, 1899, that they were liable under Schedule A, act of June 13, 1898. (Treasury Decisions, No. 21151.)

The decision of the United States circuit court was rendered March 1, 1900, against the collector. "The transaction evidenced by the memorandum submitted," said Judge Lacombe in his opinion, "is not a sale or a contract of sale, nor an agreement of sale. If some one entitled to make the call does within the time limited agree to buy the offered stock at the price named, then by a new contract, then first made, a sale is effected." (100 Fed. Rep., 290.)

The case was taken to the United States circuit court of appeals and certified to the United States Supreme Court, where it is now pending.

## STAMPS ON BILLS OF LADING.

UNITED STATES v. NORTHERN PACIFIC RAILWAY COMPANY.

Complaint was made against the Northern Pacific Railway Company and Frank M. Fairbanks, its agent, for refusal to affix a 10-cent stamp, as required by the act of June 13, 1898, to certain export bills of lading.

The company declined to pay this tax, alleging that Congress could not lay duties on exports, and that a tax on a bill of lading given for exports was a tax on the export itself.

The case was tried in the United States district court at Minneapolis, Minn., before a jury, and a verdict of guilty was rendered against both the company and its agent. The court thereupon imposed a fine of \$25 upon each of the defendants. (Section 7, act of June 13, 1898.)

A writ of error was issued to the Supreme Court of the United States under section 5 of the act of March 3, 1891 (26 Stat., 826).

# STAMP TAX-ORDERS FOR THE PAYMENT OF MONEY.

GRANBY MERCANTILE COMPANY U. E. A. WEBSTER, COLLECTOR OF INTERNAL REVENUE FOR THE DISTRICT OF SOUTH CAROLINA.

It was decided by the United States circuit court, district of South Carolina, in this case, December 27, 1899, that orders for the payment of money are required to be stamped, although intended merely as receipts or vouchers.

The drawer of the order is liable for the stamp, but, besides this, the maker or party for whose use or benefit the order shall be made, signed, or issued is liable also. (Treasury Decisions (1900), No. 1; Internal Revenue, No. 3; 98 Fed. Rep., 604.)

#### TEST CASE IN REGARD TO COUPONS IN PACKAGES OF TOBACCO.

A case was brought in the district of West Virginia, entitled The United States v. Two hundred and eighty-eight Packages of Merry World Tobacco, to test the validity of section 10 of the act of July 24, 1897, respecting articles of a foreign nature inside packages of tobacco.

The last paragraph of that section prohibits packages of smoking tobacco, fine-cut chewing tobacco, and cigarettes from having packed in, or attached to, or connected with them, "any article or thing whatsoever" of a foreign nature, and provides that there shall not be affixed to, or branded, stamped, marked, written, or printed upon said packages, or their contents, any promise or offer of, or any order or certificate for, any gift, prize, premium, payment, or reward.

The court decided the act to be constitutional and that the remedy for its violation is provided by section 3456, Revised Statutes. 103 Fed. Rep., 453. (Treasury Decisions (1900), No. 168.)

#### SPECIAL TAX-WHOLESALE DEALERS IN OLEOMARGARINE.

JUDD O. HARTZELL v. THE UNITED STATES. UNITED STATES DISTRICT COURT, SOUTHERN DISTRICT OF ILLINOIS.

It was decided by the United States district court for the southern district of Illinois, W. J. Allen, judge, that—

Where a person, though not otherwise a dealer in oleomargarine, at the request of another orders original manufacturer's packages of oleomargarine, and the manufacturer ships the packages to him and charges them to him, and looks to him only for pay therefor, and he receives these packages and delivers them to the person at whose request he sent such orders, collecting of the latter the purchase money, he must be regarded as having bought the oleomargarine on his own account and as having sold it, and therefore must be regarded as a wholesale dealer in oleomargarine and required to pay special tax accordingly, even though he show that he acted solely for the accommodation of the person to whom the oleomargarine was delivered by him, and that he derived no profit therefrom.

(Treasury Decisions (1900), Internal Revenue, No. 2.)

#### SPECIAL TAX-RECTIFIER.

#### STARK V. NUNN, COLLECTOR, FIFTH TENNESSEE.

A suit was instituted against Collector Nunn by H. M. Stark in the U. S. Circuit Court for the recovery of special tax as rectifier.

The question involved was what constitutes a rectifier under the definition in the internal-revenue laws. It was held that a retail liquor dealer who mixes whisky, sugar, and water, and puts the same in jugs and bottles, keeping it in stock in that form, and selling it when called for as other liquors in stock, or who reduces whisky by mixing water and restores the color by the addition of blackberry juice, is a rectifier. (Treas. Dec. (1900), No. 121.) (101 Fed. Rep., 423.)

#### SPECIAL TAX-WHOLESALE LIQUOR DEALER.

#### CASE OF CHEVALIER & CO.

A suit was instituted in the district of Oregon against F. Chevalier & Co., of San Francisco, Cal., for the recovery of special taxes and penalty incurred beyond the assessable period, as wholesale liquor dealers in Portland, Oreg.

This office held (Treasury Decisions, No. 20553, 1899) that a special tax was required to be paid as wholesale and retail liquor dealers at their office in Portland, at which place their agent offered to sell liquors, and took orders therefor, which were transmitted to San Francisco. The provision of the statute, that every person who offers for sale distilled spirits shall pay a special tax, was held to apply in every case where a place of business is established at which offers to sell liquors are made, although there may be no stock of liquors kept there. In this case there was a sign painted, "F. Chevalier & Co., whisky

merchants; W. H. Fisk, manager," and at this office there were kept books, ledgers, journals, cash books, etc., and a bookkeeper employed. There was also a traveling salesman.

The United States district court overruled the demurrer of the Government and decided the case against the United States. (102 Fed. Rep., 125.) The case has been taken to the United States circuit court of appeals on writ of error.

# SPECIAL TAX—SOCIAL CLUBS.

## UNITED STATES V. THE ALEXIS CLUB.

This was a suit brought in the United States district court, eastern district of Pennsylvania, to recover special taxes and penalties from the Alexis Club as a retail liquor dealer.

The defendant was a club which had its clubhouse and headquarters in the city of Philadelphia. It had a bar on the third floor of the clubhouse and kept a stock of malt and spirituous liquors which it sold and furnished to members of the club only, in quantities not exceeding five gallons, that is to say, simply by the glass or single drink. The liquors were purchased by a committee of the club, known as the refreshment committee, which made a weekly report to the general weekly meeting of the members of the club of all the purchases made on behalf of the club.

The members of the club purchased from the steward checks which were used by the members. The furnishing of liquors was a mere incident to the use and enjoyment of the club, it being optional with each member to purchase none, or to purchase any quantity he might desire, and the money derived from the sale of such checks went into

Literary and musical entertainments for members, their families, and friends were given from time to time, and among modes of recreation the club maintained a bowling alley, pool and billiards, chess and checkers.

The court decided that the defendant was a retail dealer in liquors within the meaning of section 3244, United States Revised Statutes, sustaining the position of this office. (Treasury Decision No. 8, 1900; Theorem 1987)

The question has been several times before the Federal tribunals, and the position taken by the Government has been uniformly upheld: United States v. Wittig, 22 Int. Rev. Rec., 98; Fed. Cas., 16, 748; United States v. Woods, 24 Int. Rev. Rec., 150; Fed. Cas., 16, 759; United States v. Rollinger, 28 Int. Rev. Rec., 314; Fed. Cas., 16, 190a; United States v. Kallstrom, 33 Int. Rev. Rec., 152; United States v. Giller, 54 Fed. Rep., 656, and the question may now be regarded as settled.

H. Doc. 11—6

#### OLEOMARGARINE.

UNITED STATES V. DOUGHERTY, UNITED STATES DISTRICT COURT, EASTERN DISTRICT OF PENNSYLVANIA, AUGUST SESSIONS, 1899. MOTION IN ARREST OF JUDGMENT AND FOR

Two positions were taken in support of the motion to arrest the judgment-first, that the indictment did not set out an offense under the act of 1885 (1 Supp. Rev. Stat., 505), and second, that the statute is unconstitutional, in so far as it provides for the marking of packages used by retail dealers in oleomargarine, the allegation being that, in this respect, it is not a revenue measure, but is a police regulation which Congress is said to have no power to enact.

The motion was overruled.

It was held that the primary object of the oleomargarine law was to raise revenue, and that the law was constitutional, following In re Kollock, 165 U. S., 536. (Treas. Dec. No. 127; 101 Fed. Rep., 439.)

### FERMENTED LIQUORS.

ALBERT DAVIS V. COLLECTOR DAUGHERTY, FIFTH DISTRICT OF ILLINOIS, UNITED STATES CIRCUIT COURT.

The question involved was whether the manufacture of a drink called

"maltina" constituted a person a brewer.

The article was manufactured as follows: The bottles were filled a third or more full of beer from regularly stamped packages as they came from the brewery; then the bottles were filled with carbonated water, commonly called soda water. Burnt sugar was also used in the mixture.

This office held that this constituted a new beverage similar to beer, lager beer, ale, and porter, made in part from one of those liquors and in part from another substance, and the manufacturer was liable as a

The court sustained this view of the case and held Davis liable. He has prayed an appeal.

#### MIXED FLOUR.

The Hecker-Jones-Jewell Milling Company were indicted in the United States circuit court, southern district of New York, for violation of the war-revenue act in regard to mixed flour. The company was charged with failure to pay the annual special tax of \$12, failure to mark or brand the words "mixed flour" on the barrels and packages of flour manufactured by them, and failure to affix the required revenue stamp on the packages.

It was claimed by the company that certain articles manufactured and sold by them, known as "Hecker's Old Homestead Flapjack Flour" and "Hecker's Griddle Cake Flour," were not subject to tax as "mixed flour."

The case was a test case and was tried before a court and jury. A verdict of guilty was rendered against the company, and a fine of \$250 was imposed. The court charged that these two kinds of flour came within the provisions of the mixed-flour act and compliance therewith was necessary.

# TAX ON DISTILLED SPIRITS.

PAYSEY O. BURROUGH, WHO SURVIVED HENRY S. HANNIS, LAFE COPARTNERS, TRADING AS HENRY S. HANNIS & CO., V. CHARLES ABEL, EX-COLLECTOR.

This was a suit in the United States circuit court, eastern district of Pennsylvania, to recover taxes paid on distilled spirits claimed to have been illegally exacted, under the act of July 20, 1868, upon the whole amount entered in bonded warehouse instead of upon the amount

Before the act of July 20, 1868, the tax was imposed only on the spirits actually withdrawn from warehouse. Under the act of July 20, 1868, the fax was imposed on spirits as soon as they came into

The question involved was whether the act of July 20, 1868, had a retroactive effect and could be construed to relate to the time of manufacture and to impose a tax or duty upon the whole amount of spirits distilled prior to that act. The court held that the act of 1868 laid a tax upon every gallon of distilled spirits then in bond, and that this tax was payable even upon so much of the spirits as might thereafter evaporate or leak away, but that the act did not, or could not, lay a tax upon spirits that had ceased to exist. (100 Fed. Rep., 66.)

# FORFEITURE-INNOCENT PARTIES.

UNITED STATES V. TWO HUNDRED AND TWENTY PATENTED MACHINES. DISTRICT COURT, EASTERN DISTRICT OF PENNSYLVANIA, FEBRUARY 5, 1900. FORFEITURE OF MACHINERY LEASED BY CIGAR MANUFACTURERS, JACOBS & CO.

Under Revised Statutes, section 3400, providing that a cigar manufacturer who violates the provision of the internal-revenue law relating to his business shall, in addition to other penalties, forfeit to the United States all machinery, tools, etc., "which shall be found in his possession or in his manufactory and used in his business as such manufacturer," the fact that machinery used by a manufacturer guilty of a violation of the law was leased from a third person who was ignorant of such violation will not prevent its forfeiture; but the owner must be held to have acted with the knowledge that the property would be subject to forfeiture if the business was unlawfully conducted and to have taken the risk.

This was an information for forfeiture of machines used by a cigar manufacturer for violations of the internal-revenue law, which was resisted by interveners claiming ownership of such machines. (99 Fed. Rep., 559; Treasury Decisions (1900), No. 54.)

# SUGAR REFINERS.

FELTUS, MIMMERLING & CO. V. GEORGE HARDING, ADMINISTRATOR, ETC.

This case is one of five suits for the recovery of certain internalrevenue taxes claimed to have been illegally exacted from the firm of Feltus, Zimmerling & Co. on the ground that they were sugar refin ers" within the meaning of the acts of March 3, 1863, June 30, 1864, and July 13, 1866. The case came before the United States circuit district of Pennsylvania.

COMMISSIONER OF INTERNAL REVENUE.

85

The decision of the circuit court was in favor of the Government (95 Fed. Rep., 129), and the circuit court of appeals, January 2, 1900, affirmed that decision, holding that the collection of the tax was legal. (99 Fed. Rep., 270.) A large amount of tax was involved which was collected many years ago. The cases have been pending in this office and in the courts for a long time.

# ADDITIONAL TAX ON TOBACCO IN THE HANDS OF DEALERS.

A suit was instituted by James D. Patton & Co., of Richmond, Va., in the United States circuit court, eastern district of Virginia, against James D. Brady, collector of internal revenue for the second district of Virginia, to recover the sum of \$3,062.28, paid as tax on tobacco under section 3 of the act of June 13, 1898, providing for the additional tax of 3 cents per pound on tobacco in the hands of dealers. It was claimed that this section was repugnant to the Constitution.

The law was held to be constitutional in the United States circuit court, and the case was taken to the United States Supreme Court, where it is now pending.

# EXAMINATION OF BOOKS.

# IN RE KINNEY, COLLECTOR OF INTERNAL REVENUE.

W. F. Kinney, collector of internal revenue, district of Connecticut, issued a summons, under section 3173, Revised Statutes, against the Oakdale Manufacturing Company, a corporation engaged in the manufacture of oleomargarine. The parties refused to comply with the summons, and the collector petitioned the United States district judge for an attachment against F. M. Mathewson, president of the company, directed to the United States marshal of the district, commanding him to arrest said Frank M. Mathewson and bring him before the judge to show cause why he should not be adjudged in contempt and punished according to law, as provided by section 3175, Revised Statutes. The decision of the judge was adverse to the collector. He held that—

The provisions of Revised Statutes, section 3173, authorizing a collector of internal revenue to summon before him for examination any person charged by the law with the duty of making returns of objects subject to tax, do not apply to persons required under the oleomargarine law to make returns of materials and products. Such provisions relate only to objects of taxation upon which the tax is collected by the method of return and assessment, and not to those upon which the tax is required to be paid by a stamp, and a collector has no power under section 3173 to compel a person to appear and testify to the correctness of the returns made under the oleomargarine law. (102 Fed. Rep., 468.) margarine law. (102 Fed. Rep., 468.)

In the opinion of the United States attorney, there can be no review

of this decision by appeal or writ of error.
This opinion and also the opinion in re Kearns, 64 Fed. Rep., 481, show the obstacles in the way of enforcement of the oleomargarine law and the necessity for additional legislation in the direction recommended and urged by this office.

# STAMPS ON TAX CERTIFICATES IN THE DISTRICT OF COLUMBIA.

Proceedings were instituted by Malcolm Hufty against Assessor Trimble, of the District of Columbia, by mandamus, to compel him

to issue tax certificates without affixing internal-revenue stamps, said certificates being claimed by this office to be taxable under that paragraph of Schedule A, act of June 13, 1898, which reads as follows:

Certificates of any description required by law not otherwise specified in this act, ten cents.

The court of appeals reversed the decision of the supreme court of the District of Columbia and held that no stamp was required to be affixed to such certificates. (14 Appeal Cases D. C., 414.)

Instructions were given to have the case taken to the Supreme Court, but, in the meantime, Assessor Trimble went out of office, and, under the decision of the Supreme Court in the case of Bernardin v. Butterworth (169 U.S., 600), the case against him abated, and it can not be revived by making his successor a party.

#### DECISIONS OF THE ATTORNEY-GENERAL.

#### STAMPS ON BILLS OF LADING.

In answer to a request for an opinion on this subject Attorney-General Griggs held that, upon bills of lading, receipts, manifests, and other similar documents issued by railroad companies for goods to be transported by rail from any place in the United States to Canada, a stamp tax of 1 cent is payable, under the clause of the war-revenue act headed "Express and freight," and that no tax is payable thereon under the clause relating to goods exported from a port or place in the United States to any foreign port or place. It also held that the same rule should be applied to shipments by rail to Mexico. (Treas. Dec., 1900, Int. Rev. No. 6.)

#### STAMP TAX ON CALL LOANS. PLEDGING OF COLLATERAL SECURITIES.

The Attorney-General decided that, if stock is hypothecated as security for payment of money simply by delivery of the certificates to the lender, or deposited as a basis of credit without a mortgage or other written instrument being executed or made whereby the said stock is pledged to secure the payment of a definite and certain sum of money, no tax is imposed on such a transaction. No tax, collectible by the use of an adhesive documentary stamp, can be imposed unless an instrument, paper, document, or writing, falling within some one of the descriptions given in the act is executed, made, signed, or issued, to which the stamp denoting the payment of the tax is to be affixed. (Treas. Dec. No. 80, March 21, 1900.)

#### EXPRESS COMPANIES NOT LIABLE AS BROKERS, WHEN.

The Attorney-General rendered an opinion May 14, 1900, on the question of the special-tax liability of express companies as brokers on account of their issuance of money orders and travelers' checks. The decision was published in Treasury Decision No. 128, of which the following is a synopsis:

Brokerage is not the business of the express companies; they are carriers, and the issuing of money orders and travelers' checks is a mere incident to the business of carriers, the companies for a consideration issuing their own orders, upon themselves, for the payment of money upon presentation to their authorized agents. They are not

liable on this account for special tax as brokers under the second par-

COMMISSIONER OF INTERNAL REVENUE.

agraph of section 2, act of June 13, 1898.

AMENDMENTS TO THE LAW RECOMMENDED.

AMENDMENTS TO THE ACT OF JUNE 13, 1898.

I recommend that the act of June 13, 1893 (war-revenue act), be amended as follows:

CERTIFICATES.

Amend Schedule A by striking out the following paragraph:

Certificate of any description required by law not otherwise specified in this act,

This clause of the law has given, perhaps, more trouble in its admin-

istration than any other.

The greater part of certificates required by law are necessarily issued by Federal, State, or municipal officers. This office has ruled that where such certificates were issued in the exercise of functions strictly belonging to the State in its ordinary governmental or taxing capacity they were exempt from tax under section 17 of the act; but if such certificates were issued at the request of private persons, solely for private use, a stamp should be affixed, and that such stamp should be furnished by the person applying for the certificate.

In a number of States, however, the officers have maintained that all certificates issued by them were exempt because required by State law,

and have declined to affix stamps thereto.

To avoid conflict of this kind it would be expedient to repeal the above clause.

BANK CHECKS.

Amend the third paragraph of Schedule A, relative to bank checks, by adding after the words "order for the payment of any sum of money" the words "or receipt given for withdrawing deposits from

banks other than savings banks."

Receipts not requiring a stamp under the law, it was found impossible to rule that when a depositor went to a bank personally and withdrew his deposit, or a portion thereof, by tendering a receipt for the same, said receipt was any more taxable than any other receipt, and therefore this office was obliged to permit the exemption from taxation of a receipt used in this way.

The use of receipts in lieu of bank checks in this manner is constantly

increasing, as evidenced to this office in many ways.

The check stamp tax is probably the largest single item of revenue derived from the documentary stamp taxation, and the use of receipts in lieu of checks is perhaps responsible for some of the decrease in revenue from this source. As a knowledge of the fact that receipts can be used in this way has permeated the community, many persons now go to the banks and withdraw money on their individual receipt who would formerly have drawn a check for the amount. Of course this is an evasion of the tax, but to evade the tax in a lawful manner can not be prevented.

The law should be amended so that all persons withdrawing deposits

from commercial banks shall be subject to the same taxation.

TWO INSTRUMENTS COMBINED IN ONE.

Add at the end of Schedule A:

Provided, That where any one instrument is in the form, or combines the characteristics of two or more instruments (as a bond containing a clause which constitutes a power of attorney, or a promissory note which also constitutes a pledge of property). it shall be subject to but one stamp tax, and that the highest imposed upon either of

PATENT MEDICINAL PREPARATIONS.

Amend section 20, in the first proviso, by adding after the words "that no stamp tax shall be imposed upon any uncompounded medicinal drug or chemical" the words "except such as are sold under a claim of patent, trade-mark, or proprietorship."

There are found to be upon the market quite a number of prepara-tions which have been held by the United States court entitled to exemption under the clause exempting uncompounded chemicals which are nevertheless put up under a patent or trade-mark, and for which proprietary rights are claimed. Some of these articles are imported from Europe and sold in competition with domestic preparations.

It is believed that Congress intended to tax all patent, proprietary, or trade-mark medicinal preparations alike, and this amendment is necessary to effect that purpose.

AMENDMENT TO SECTION 13.

Amend section 13 by adding to the first proviso, after the words "bonds, debentures, or certificates of stock or of indebtedness," the words "or any instrument, document, or paper of any kind or description whatsoever mentioned in Schedule A of this act."

The greater part of section 13 is a remedial statute, intended to cure the hardships that might be experienced where instruments of any kind, taxable under Schedule A, had been omitted to be stamped, unintentlenally and without any design to evade the law.

It was undoubtedly the intention of Congress that such alleviation of the penalties of the law should be permitted in all cases where instruments were innocently issued unstamped, but by the omission of the words which it is now recommended to be inserted in the place mentioned, the statute by a strict construction would merely apply to "bonds, debentures, or certificates of stock or of indebtedness."

It is true that this being a remedial statute it has been liberally construcd by this office for the purpose of effecting the remedy and relieving the honest taxpayer, but it is nevertheless important that the statute should clearly express what was the true intention of Congress.

PARLOR-CAR AND SLEEPING-CAR TICKETS.

Amend section 28, act of June 13, 1898, relative to stamp tax on parlor-car and sleeping-car tickets by providing a panalty for failure to affix stamps. No penalty is provided as the law stands, as the tax is not imposed under Schedule A, where it properly belongs.

LEGACY TAX.

I recommend that the following amendments to the law relative to the tax on legacies be made:

That in section 29, act of June 13, 1898, there be inserted after the word "otherwise" the words "including persons residing abroad."

That in section 30, after the words "shall pay to the collector or deputy collector of the district of which the deceased person was a

89

resident," there be inserted the words "or in which the property was

located, in case of nonresidents."

These amendments, if made, will provide that estates in this country of persons residing abroad at time of their death shall be taxed the same as estates of persons residing in this country. There should be no unjust discrimination in favor of persons residing abroad whose property is in this country and distributed under our laws. This office has ruled that the tax accrues on legacies in such cases (Treasury Decisions 1899, No. 21052), but it would be preferable to have the law specifically so declare, as it has been contended otherwise.

Amend section 30 by inserting after the words "that the tax or duty

aforesaid," in line 1, the following:

Shall be due and payable whenever the party interested in such legacy or distributive share, or property, or interest aforesaid shall become entitled to the possession or enjoyment thereof, or to the beneficial interest in the profits accruing therefrom, and the same,

And by inserting after the words "United States," in the first sentence of said section, the words-

And every administrator, executor, or trustee having in charge or trust any legacy or distributive share, as aforesaid, shall give notice thereof, in writing, to the collector or deputy collector of the district where the deceased grantor or bargainer last resided within thirty days after he shall have taken charge of such trust;

And by inserting after the words "shall make out such lists and valuation as in other cases of neglect or refusal, and shall assess the duty thereon," the words—

And in case of willful neglect, refusal, or false statement by such executor, administrator, or trustee, as aforesaid, he shall be liable to a penalty of not exceeding one thousand dollars, to be recovered with costs of suit;

And by adding the following paragraph to the end of said section:

Any tax paid under the provisions of sections twenty-nine and thirty shall be deducted from the particular legacy or distributive share on account of which the same is charged.

Sections 29 and 30 of the act of June 13, 1898, were practically a reenactment of sections 124 and 125 of the act of June 30, 1864, with-

out the subsequent amendments.

The amendments above recommended to section 30 are similar to those of the act of July 13, 1866, amending section 125 of act of 1864, and if reenacted will make the law more complete, and conform to the old law.

I recommend that the law be further amended by exempting from legacy tax bequests for public uses of a literary, educational, or charitable character.

#### INCREASE OF DISCOUNT ON SALES OF ADHESIVE STAMPS.

In order to afford better facilities for the general distribution of documentary and proprietary stamps, I respectfully recommend that the law be amended so as to allow to purchasers of such stamps a discount of not less than 2 per cent when purchased in quantities of not less than \$100 of face value.

#### SPECIAL TAXES.

#### AGRICULTURAL FAIRS.

There is no exemption from special tax in the case of agricultural fairs, which are held for two or three days in the year.

Under the law they are required to pay at the rate of \$10 for the year, as public exhibitions or shows for money (par. 8, sec. 2, act June 13, 1898), reckoned from the first day of the month in which the fair is held.

I recommend that the law be amended so as to exempt agricultural

associations from this tax.

#### BANKS.

In paragraph 1, section 2, act of June 13, 1898, relative to bankers, insert in the proper place the following:

Undivided profits shall be considered as surplus on estimating the tax due from banks, the amount to be estimated by taking the average for the preceding year, Provided, That the word "capital" shall not be understood to mean money borrowed or received from time to time as deposits in the usual course of business, from any person not a partner of nor interested in the bank, association, or firm.

#### COMMERCIAL BROKERS.

# [Paragraph 4, section 2, relative to "commercial brokers."]

The Supreme Court held in the case of Slack v. Tucker (23 Wall., 321) that persons who receive into their possession any goods or merchandise and sell them on commission can not be regarded as commercial brokers. This relieves many persons who would otherwise be liable. There is no tax imposed on commission merchants, auctioneers, or real-estate agents. There seems no special reason for singling out commercial brokers and requiring a special tax from them, especially as the tax falls, in the main, on a poorer class of people. I recommend, therefore, that the tax on commercial brokers be repealed, or that other classes of business, such as commission merchants and real-estate agents, be also required to pay special tax.

## EXCISE TAXES ON SUGAR REFINERIES, ETC.

Amend the provisions of section 27, act of June 13, 1898, imposing excise tax on persons, firms, companies, and corporations engaged in refining petroleum and sugar so as to require the tax to be assessed and

OTHER AMENDMENTS PROPOSED.

## TRANSFER OF SPECIAL-TAX STAMPS.

I recommend that the law be amended so that all special-tax stamps may be transferable from one special taxpayer to another, to enable the successor in business to carry on business at the same place for the rest of the year under special-tax stamp issued.

AMENDMENT TO SECTION 3241, REVISED STATUTES.

# Add to section 3241, Revised Statutes:

Provided, That special-tax stamps may also be redeemed, upon surrender, when no longer required because of the abandonment by the party to whom issued of the busiance shall be readed for a fraction of a routh. ance shall be made for a fraction of a month.

## DISTILLED SPIRITS.

I recommend that section 1 of the act entitled "An act to allow the bottling of distilled spirits in bond," approved March 3, 1897, be so amended as to allow bottlers of distilled spirits on distillery premises

to transfer to another portion of the distillery warehouse for storage therein, for a period not exceeding sixty days, spirits which may have been bottled for exportation, and to carry in stock through this method a sufficient quantity of their product to meet the demand that may be made upon such distillers to fill orders for their export trade.

Also, that the law (sec. 3329, Rev. Stat., as amended by sec. 10, act of May 28, 1880) be further amended so as to provide for the allowance of drawback of tax at the same rate per proof gallon as was paid on the spirits found to have been exported. Under the provision of this law the allowance of drawback is now limited to 90 cents per proof gallon, while the existing rate of tax on distilled spirits is \$1.10 per gallon.

I recommend that such legislation be enacted as will empower the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, to prescribe the size and kind of package in which distilled spirits must be contained when imported into the United States.

Such a law is absolutely essential to the protection of the American exporter of distilled spirits, for the reason that the governments of other countries have lodged this power in the hands of an officer similar in character to the Commissioner of Internal Revenue, and this officer has prescribed packages in which American spirits shall be imported into such countries, and these packages are entirely unlike any package used by American manufacturers. This discrimination compels the American manufacturer to dispense with the original package which contained his product in making exportations, and forces him to adopt a package which in no manner indicates on the outside thereof the character, age, or quality of the goods contained therein.

#### MARKING FERMENTING TUBS.

Amend section 3269 of the Revised Statutes by adding at the end thereof the following words:

Provided, That wooden fermenting tubs which are not so set as to be fixed and immovable, shall each be marked by having burned into the exterior surface thereof, in figures not less than three inches in length and two and one-half inches in width, the cubic content in gallons and the number of the tub, so that such figures shall be distinctly visible, And provided also, That when the fermenting tubs are of other material than wood, they shall be marked as the Commissioner of Internal Revenue shall prescribe. And intentional failure or neglect of the distiller to comply with this requirement shall incur liability to the forfeiture of the sum of two hundred dollars and of the fermenting tub not marked in accordance with this provision.

#### AMENDMENT TO SECTION 3296, REVISED STATUTES.

Also amend section 3296 of the Revised Statutes by adding after the word "paid," in the second line of said section, the words "whether said spirits so removed were distilled at a registered or unregistered distillery." Also amend said section by striking out the word "the" after the word "than" and before the word "distillery" in the third line of said section and substituting therefor the letter "a," so that the section, when so amended, shall read as follows:

Whenever any person removes, or aids or abets in the removal of, any distilled spirits on which the tax has not been paid, whether said spirits so removed were distilled at a registered or unregistered distillery, to a place other than a distillery warehouse provided by law, or conceals or aids in the concealment of any spirits so removed, or removes or aids or abets in the removal of any distilled spirits from any distillery warehouse, or other warehouse for distilled spirits authorized by law, in any manner other than is provided by law, or conceals or aids in the concealment of any spirits so removed, he shall be liable to a penalty of double the tax imposed on such distilled spirits so removed or concealed, and shall be fined not less than two hundred dollars nor more than five thousand dollars, and imprisonment not less than three months nor more than three years.

TRAVELING EXPENSES AND PER DIEM FOR STOREKREPERS AND STOREKREPER-GAUGERS.

It is my duty to again call the attention of Congress not only to the desirability but the absolute necessity of so changing the law with respect to the traveling expenses of storekeepers and storekeepergaugers as to enable this office to allow such officers for per diem and traveling expenses, not only when going from one place of assignment to another place of assignment, but also when going from their homes or places where they are not under assignment to a place of assign-

Under the law as it stands and is construed by the accounting officers of the Treasury Department, who decline to allow and approve the per diem and expenses for the officers referred to under the circumstances described, not only great hardships are imposed upon them as well as actual injustice, but opportunity is afforded for the dishonest distiller to dictate in a great measure what officer shall not be assigned to his distillery, and is thus assisted in perpetrating frauds upon the revenue that can not be corrected as long as this condition exists. For instance, a small 3-bushel plant, operated by a dishonest man, gives notice of commencing operations. When the officer reports for duty, demand is made upon him for certain concessions in regard to the removal of a part of the product without payment of tax. If consent is not given the distillar gives notice that he will shut down and in four days he closes out. The officer has probably received a per diem of \$20, which is ten days' work at \$2 per day. The little plant being in a wild inaccessible mountain place, the officer has spent two or three days in getting there and incurred \$5 expenses. If the distiller shuts down he will incur a like expense to get back home, and instead of being benefited by the assignment, he is financially injured in accepting it, the result to him being a financial lose.

The consequence of this is that honest storekeeper-gaugers will not accept assignments at certain distilleries for the reason that they know that as soon as they reach there the plant will close down and they will not only lose their time in going to and from the place, but also their expenses in going there.

I earnestly ask Congress to relieve this Department of this embarrassment by an amendment of the law.

METHODS OF CHANGING THE PRODUCING CAPACITY OF DISTILLERIES.

The daily spirit-producing capacity of a distillery depends upon the fermenting tubs which it has open and capable of use. To reduce this capacity a tub or tubs must be closed in a way prescribed by the statute. The method prescribed has become almost unavailable owing to the great changes which have taken place in distilleries.

Fermenting tubs are now constructed of such dimensions that it is impracticable to securely cover them as by law required.

I recommend that further legislation be had providing additional methods, or authority be granted the Commissioner, with the approval of the Secretary of the Treasury, to prescribe methods of securely closing such tubs.

## MANUFACTURE OF YEAST

Manufacturers of vinegar have for some years been exempted from the general provision of law that no mash, wort, or wash fit for distillation or for the production of spirits or alcohol, shall be made or fermented in any building or on any premises other than a distillery duly

authorized according to law. I recommend that the same exemption be extended to manufacturers of yeast, who are now compelled to engage in the production of vinegar or of distilled spirits in order to utilize the yeast as a by-product of the principal manufacture. This exemption, if granted, would relieve the yeast producers from the burden of carrying on an additional business having no trade or commercial connection with their main business. In my judgment this can be done without danger to the revenue, and

I recommend legislation for that purpose.

# STOCKHOLDERS IN DISTILLING CORPORATIONS.

It is now required by law, section 3259, Revised Statutes, that every person engaged in, or intended to be engaged in, the business of a distiller shall give notice in writing to the collector of the district stating, among other things, the name and residence of every person interested or to be interested in the business. In the case of corporations which become distillers, every stockholder is regarded as a person interested in the business. Where the stockholders in a corporation are a large body of people and are constantly changing, it becomes very difficult and almost impossible for the officers of the corporation to comply with the law, which requires notice to be given within twenty-four hours after change in the persons interested in the business of the distilling establishment.

I believe that the protection to the revenue intended to be given by this provision can be equally afforded by the substitution of a provision requiring such notices to be given at stated times or upon call from the Commissioner of Internal Revenue or the collector of the district, and that the law so amended can and will be more fully complied with than is now practicable, and I recommend that legislation

be had for this purpose.

# BRANDS UPON DISTILLERS' PACKAGES.

H. R. 11427, a bill to amend the internal-revenue laws relating to brands upon distillers' packages, was introduced in the House of Representatives May 9, 1900. I recommend passage of the bill.

#### TOBACCO.

Also, that in sections 3358 and 3390, Revised Statutes, the word January wherever it occurs be stricken out and the word July inserted in lieu thereof, so as to provide that the abstracts of the accounts of manufacturers of tobacco and cigars show the business done by them during each fiscal year.

#### OLEOMARGARINE.

Section 41, act of October 1, 1890, requiring wholesale dealers in oleomargarine to keep books and render returns in compliance with the regulations authorized to be made by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, provides no penalty for the violation of this section. The courts have decided that none of the penalties denounced in the act governing the manufacture and sale of oleomargarine are applicable to this section. Such a penalty is essential to an effective enforcement of the law. I therefore recommend that the section above referred to be amended by the enactment of a penalty clause.

In order to reconcile section 3 of the act of August 2, 1886, defining a retail dealer of oleomargarine to be "every person who sells oleomargarine in less quantities than 10 pounds at one time" with section 6 of the act which provides that "retail dealers in oleomargarine must sell only from original stamped packages in quantities not exceeding 10 pounds," I recommend an amendment that will change the words "not exceeding" in the last-mentioned clause to "less than."

#### RIGHT OF EXAMINATION.

I recommend that section 3163, Revised Statutes, as amended by section 2 of the act of March 1, 1879, be amended so that collectors and internal-revenue agents shall have the right of examination of articles and objects subject to the internal-revenue tax and books and papers relating to the same; and also inspection of articles which have been stamped, including bank checks, for the purpose of ascertaining whether the internal-revenue taxes have been paid, and whether papers and documents requiring stamps are properly stamped and the stamps canceled.

#### PROTECTION OF UNITED STATES OFFICERS.

Lagain call attention to the lack of protection given by the statute laws of the United States to the officers of internal revenue and to those assisting them in the enforcement of the internal-revenue laws. Murderous assaults upon those engaged in discovering illicit distilleries have been by no means uncommon for many years. I can add nothing to the remarks made by Judge Paul, of the United States district court for the western district of Virginia, while pronouncing sentence upon the murderers of George Ratcliff, member of a posse engaged in discovering illicit distilleries, as given in my last annual report.

I recommend that the enactment of the following be proposed to Congress:

Every person who shoots at, stabs, wounds, or in any manner maliciously assaults an officer or agent of internal revenue, or person aiding him, in the lawful discharge of his official duty, shall be punished by a fine of not more than one thousand dollars, or by imprisonment in the penitentiary at hard labor not more than ten years, or both, at the discretion of the court. And if of such forcible assault the person assaulted dies, the punishment shall be the same as is imposed for the crime of murder by the laws of the State or Territory within which the offense is committed. The proceedings to enforce the penalties herein provided shall be taken in the circuit or district court of the United States for the district in which the crime is committed.

#### LEAVE OF ABSENCE TO GAUGERS AND STOREKEEPERS.

Gaugers, storekeepers, and storekeepers and gaugers are per diem officers whose salaries are predicated upon the amount of spirits gauged by them, or upon the character and capacity of the distillery at which they may be assigned to duty. Under existing law these officers are not entitled to any leave of absence whatever, except upon the loss of their per diem pay for the days upon which they may be absent from duty. In view of the fact that many of these officers are assigned to duty from eight to twelve months during the year, and perform arduous and exacting duties, many times regardless of any reasonable or prescribed working hours for each day, I recommend that there shall be provided such additional appropriation for the payment of this class of officers as will admit of granting a leave of absence with pay for two and one-half days for each month of thirty days that they be actually assigned to duty, and that they shall be allowed to claim in their pay accounts the maximum rate of pay allowed them under their assignments for such days as they may be granted leave, as above set forth.

#### SALARIES OF COLLECTORS.

I also deem it my duty to call attention to the inadequacy of the sal-

aries now received by many collectors of internal revenue.

The minimum compensation of a collector can now only be increased by the commissions, etc., allowed by statute, from \$2,000 per annum to the maximum of \$4,500 per annum allowed by existing law. This maximum salary would appear to be a reasonable compensation for the collection of sums aggregating from \$1,000,000 up to \$3,000,000. But, under the war-revenue act, in many of the districts throughout the country the collections now aggregate annually from \$5,000,000 to \$22,000,000.

This large increase is gathered by the collectors in sums ranging from one-eighth of a cent up to \$1,000. The number of taxpayers has

increased from a few hundred thousand to many millions.

The result is a largely increased responsibility imposed upon collectors of internal revenue, and also a large increase in the amount of work to be performed by them. I therefore ask that Congress be urged to give this matter attention, and that a new scale of salaries be provided which will justly compensate collectors for the increased responsibilities and services imposed upon them.

#### COMPENSATION OF REVENUE AGENTS.

I again call attention to the inadequacy of the compensation provided for internal-revenue agents, also to the manifest unfairness toward them when the same is compared with the compensation provided by law and paid Treasury employees who perform duties of exactly the same kind and character. To correct this inadequacy and unfairness I recommend that the agent assigned to duty in Washington as chief of revenue agents' division receive, in addition to the necessary traveling expenses actually incurred by him, a compensation of \$10 per day; and that revenue agents shall receive, in addition to the necessary traveling expenses actually incurred by them, a compensation to be fixed by the Commissioner of Internal Revenue not to exceed \$8 per day.

Treasury employees performing work of similar character to that assigned to revenue agents receive compensation for each day of the year when under assignment. There is not only no good reason why revenue agents should not be compensated in the same way, but, on the contrary, fairness and justice require they should be. They hold positions of equal responsibility and perform duties of great importance, representing the Commissioner of Internal Revenue in the field in matters requiring superior judgment, and practical knowledge

and skill in the discharge of their duties. They are subject to his call at all hours of the day or night, and on every day of the year, Sundays included. This is not only true in theory, but absolutely true in practice, for they are continually called upon to perform duties at all hours of the night and to render service on Sunday in order to compair that they be compensated in an equitable manner for doing so and should be treated, with respect to compensation, the same as other employees of equal rank and used for similar purposes.

#### DIVISION OF DISTILLED SPIRITS.

The statements under the above heading relating to the fiscal year ended June 30, 1900, exhibit the number of grain, molasses, and fruit distilleries which were registered and operated in each State; the number of fruit distilleries registered and operated in each collection district; the number and capacity of the grain and molasses distilleries in operation at the beginning of each month in the year and of the three following months; the number of grain distilleries, classified according to their different capacities, registered and operated in each district and State; the quantities and several kinds of grain and other materials used in the production of distilled spirits in each collection district and State; the different kinds of fruit brandy produced during the year in each collection district and State; the quantity of distilled spirits, in proof gallons, rectified in the several districts and States; the quantity of distilled spirits gauged during the fiscal years ended June 30, 1899 and 1900, in each collection district and State, and the quantity of fermented liquors produced during the fiscal year ended June 30, 1900, in each collection district and State, together with other items.

COMPARATIVE STATEMENT OF DISTILLERIES REGISTERED AND OPERATED DURING THE PISCAL YEARS ENDED JUNE 30, 1899, AND 1900.

The whole number of grain distilleries registered during the fiscal year ended June 80, 1900, was 1,673, of which number 1,304 were operated.

The numbers revistered and operated during the fiscal year ended June 30, 1899, we're 1,675 and 1,286, respectively, showing a decrease during the last fiscal year of 2 in the number registered and an increase of 18 in the number operated, as appears in the table following:

TOTAL GRAIN DISTILLERIES REGISTERED AND OPERATED DURING THE FISCAL YEARS ENDED JUNE 30, 1899, AND 1900.

	Condition.	1899.	1900.	Increase (+)
Registered		1,675	1,673	-2
Operated		1,286	1,304	+18

There was a decrease of 4, both in the number of distilleries registered and in the number operated, of the class having the smaller capacities for the production of spirits.

In the class of larger distilleries there was an increase of 2 in the number registered and of 22 in the number operated.

During the fiscal year ended June 30, 1899, there were registered 1,438 distilleries of the smaller class, varying in daily grain capacity from not over 5 to not over 60 bushels each, and of this number 1,103, or 76+ per cent, were operated.

Of the larger distilleries, having daily grain capacities varying from

over 60 bushels a nd not over 100 bushels to several thousand bushels

each, 237 were registered, and 183, or 77+ per cent, were operated.

During the fiscal year ended June 30, 1900, of the smaller distilleries

1,434 were registered; and 1,099, or 76+ per cent, were operated.

Of the larger distilleries 239 were registered, and 205, or 85 per cent,

were operated.

These figures nay be tabulated as follows:

GRAIN DISTILLERIES OF SMALL CAPACITY AND OF LARGE CAPACITY REGISTERED AND OPERATED DU RING THE FISCAL YEARS ENDED JUNE 30, 1899 AND 1900.

	Si	mall cap	sacity.	Large capacity.			
Condit	tion.	1899.	1900.	Increase (+) or de- crease (-).	1899.	1900.	Increase (+) or de- crease (-).
Registered Operated		1,438 1,103	1,434 1,099	- 4 - 4	237 183	239 205	+ 22 + 22

#### MOLASSES DISTILLERIES.

There were 100 molasses distilleries registered and 10 operated, being a decrease of 1 in the number registered during the previous year.

## FRUIT DISTILLERIES.

There were 2,331 fruit distilleries registered and 2,300 operated during the fiscal year ended June 30, 1900, a decrease of 387 in the number registered and of 321 in the number operated from the previous fiscal year.

# TOTAL DISTILLERIES REGISTERED AND OPERATED.

The total number of grain, molasses, and fruit distilleries registered during the fiscal year ended June 30, 1900, is 4,014, and the total number operated is 3,614, a decrease of 390 in the number of all kinds of distilleries registered and of 303 in the number operated during the previous fiscal year.

In this table, as prepared prior to the fiscal year ended June 30, 1896, the grain used included the molasses used for the production of spirits other than rum reduced to its equivalent in grain, and the spirits produced included the spirits from both grain and molasses.

The quantity of grain used for the production of spirits during the fiscal year ended June 30, 1900 (23,114,262 bushels), shows an increase of 1,533,794 bushels over the quantity used in the preceding fiscal year (21,580,468 bushels) and is 1,778,334 bushels more than the average (21,335,928 bushels) for the last ten years.

The number of gallons of spirits produced from grain during the year (103,151,104 gallons) shows an increase of 6,855,171 gallons over the product of the fiscal year ended June 30, 1899 (96,295,933 gallons), and is 9,396,055 gallons more than the average product (93,755,049 gallons) for the last ten years.

The yield of spirits from each bushel of grain used was 4.46+

The yield for the two preceding years was 4.48+ gallons for 1898 and 4.46+ gallons for 1899.

The quantity of molasses used for the production of spirits during the fiscal year ended June 30, 1900 (888,416 gallons), shows a decrease of 54,939 gallons from the quantity used in the preceding fiscal year (943,355 gallons) and is 1,586,033 gallons less than the average (2,474,449 gallons) for the last five years.

The quantity of spirits produced from molasses during the year (719,082 gallons) shows a decrease of 49,572 gallons from the product of the previous year (768,654 gallons) and is 1,164,777 gallons less than the average product (1,883,859 gallons) for the last five years.

The quantity of molasses used for the production of rum during the fiscal year ended June 30, 1900 (2,018,229 gallons), shows an increase of 40,924 gallons over the quantity used in the preceding fiscal year (1,977,305 gallons) and is 170,121 gallons less than the average (2,188,350 gallons) for the last ten years.

The quantity of rum distilled from molasses during the year (1,614,514 gallons) shows an increase of 120,135 gallons over the product of the Previous year (1,494,379 gallons) and is 55,975 gallons less than the average product (1,670,489 gallons) for the last ten years.

## INCREASED WITHDRAWALS OF TAX-PAID SPIRITS.

The quantity of tax-paid spirits (91,815,701.1 gallons) withdrawn from distillery warehouses during the fiscal year ended June 30, 1900, is greater than the quantity (82,322,363.3 gallons) withdrawn from distillery warehouses during the fiscal year ended June 30, 1899, by 9,493,337.8 gallons, the increase being distributed among the different kinds known to the trade, as follows:

Increase in withdrawals of-

Bourbon whisky Rye whisky Alcohol Rum Gin Pure, neutral or cologne spirits Miscellaneous	229, 076. 4 63, 710 177, 737. 8 3, 691, 960, 3
Total increase	9, 646, 461. 1 153, 123. 3
Not increase	

The quantity, as stated by the chief of the Bureau of Statistics, upon which a customs duty was paid equal to the internal-revenue tax for the fiscal year ended June, 30, 1900, is 764,195.4 gallons.

The tax-paid withdrawals from general bonded warehouses and the amount of tax paid for bottling in bond under the act of March 3, 1897, as well as the regular tax-paid withdrawals and spirits upon which a customs duty was paid equal to the internal-revenue tax, are shown in the following table:

Spirits upon which Tax was paid during the Fiscal Year ended June, 30, 1900.

Tax paid on regular withdrawals at distillery warehouses Tax paid at distillery warehouses for bottling in bond Tax paid at general bonded warehouses Spirits upon which a customs duty equal to the internal-revenue tax was paid upon reimportation.	1, 155, 407. 5
Total	94, 156, 023. 2

The quantity (94,156,023.2 gallons) of spirits upon which tax was paid during the year ended June 30, 1900, is greater than the quantity (84,614,652.1 gallons) upon which tax was paid for the same purposes during the fiscal year ended June 30, 1899, by 9,541,371.1 gallons.

The above statements are exclusive of fruit brandy, of which there were tax paid at special bonded warehouses 973,402.1 gallons, including 203.5 gallons of brandy withdrawn for bottling in bond.

# DIFFERENT KINDS OF TAX-PAID SPIRITS TRANSFERRED TO BOTTLING WAREHOUSES FOR BOTTLING IN BOND DURING THE YEAR.

It appears from the foregoing tabular statement that the quantity of spirits in distillery warehouses and general bonded warehouses June 30, 1899, the tax on which became due during the fiscal year ended June 30, 1900, was 5,238,003.5 gallons, and that the quantity in such warehouses June 30, 1900, the tax on which becomes due during the fiscal year ending June 30, 1901, was 7,956,078.9 gallons, or 2,718,075.4 gallons more than during the preceding year. In this connection attention is called to the fact that the quantity of spirits in such warehouses June 30, 1900, the tax on which becomes due during the fiscal year ending June 30, 1902 (notwithstanding the fact that the spirits have almost two years in which to remain in warehouse), was only 6,312,653 gallons.

#### DIFFERENT KINDS OF SPIRITS LOST BY LEAKAGE OR EVAPORATION IN WAREHOUSES DURING THE YEAR.

QUANTITY, IN TAXABLE GALLONS, OF EACH KIND OF SPIRITS AS KNOWN TO THE TRADE, LOST BY LEAKAGE FROM DISTILLERY WAREHOUSES DURING THE YEAR ENDED JUNE 30, 1900.

DISTILLED SPIRITS ALLOWED FOR LOSS BY LEAKAGE OR EVAPORATION IN DISTILLERY WAREHOUSES.

The quantity of spirits (6,684,911.4 gallons) reported in the preceding table as lost by leakage or evaporation in warehouse is that portion of actual leakage in warehouse from packages withdrawn from distillery warehouses during the year which has been allowed in accordance with the provisions of section 17 of the act of May 28, 1880, section 50 of the act of August 28, 1894, and section 1 of the act of March 3, 1899.

The following statement shows the quantity of spirits, as per original gauge, withdrawn from warehouses for all purposes during the stated period, and the amount and percentage of leakage allowed thereon under the provisions of the acts named:

Year.	Total quantity withdrawn,	Leakage allowed.	Percentage of withdrawals.
1880	84, 335, 900 80, 281, 611 83, 291, 190 92, 622, 598 93, 925, 782 578, 586, 767 70, 782, 951 74, 391, 751 81, 879, 458 88, 666, 945 92, 761, 985 100, 694, 159 108, 358, 427 99, 107, 108 e 82, 681, 445, 2 d. 73, 664, 134 e 74, 662, 498, 8 f 98, 337, 485, 5 g 93, 334, 663, 8	Gallons. 76, 834 11, 466 1, 231, 336 2, 291, 013 3, 858, 494 4, 424, 314 1, 866, 858 1, 835, 681 2, 299, 327 3, 145, 111 2, 932, 249 2, 420, 256 5, 072, 164 5, 626, 803 5, 532, 171, 1 2, 014, 783, 6 3, 542, 810 5, 072, 164 6, 626, 803 4, 911, 352, 1, 1, 532, 1, 684, 911, 4 6, 684, 911, 4 6, 684, 911, 4 6, 684, 911, 4 6, 684, 911, 4	. 096 962 1.533 2.75 4.193 4.866 2.299 2.599 2.599 3.322 2.600 3.522 4.68 5.67 4.27 8.54 4.68 5.60 5.20 6.60 6.60 6.60 6.60 6.60 6.60 6.60 6

a Includes 7,750,696 gallons stamped for export not actually withdrawn.

b Includes 2,494,091 gallons stamped for expert not actually withdrawn.

cIncludes 2,216,482.2 gallons transferred to general bonded warehouses, and on which leakage will be allowed on final withdrawal.

dIncludes 7,408,518 gallons transferred to general bonded warehouses, and on which leakage will be

allowed on final withdrawal.

H. Doc. 11--10

SPIRITS LOST BY FIRE IN WAREHOURES FOR THE LAST TWENTY-EIGHT YEARS.

The following table shows the quantity of spirits lost in distillery warehouses by fire during each of the last twenty-eight calendar years. As it shows also the stock of spirits in warehouses at the close of each of the fiscal years 1872 to 1899, both inclusive, the percentage of loss on stock held may be readily computed:

[Quantities in taxable gallons.]

Year.	In bond June 30.	Total loss.	Year.	In bond June 30.	Total loss.
1872 1873 1874 1875 1876 1876 1877 1878 1879 1880 1881 1882 1883 1884 1885	10, 103, 392 12, 917, 462 15, 817, 709 13, 367, 253 12, 984, 896 13, 258, 794 14, 988, 773 19, 212, 470 31, 363, 869 64, 648, 111 89, 962, 645 80, 999, 993 63, 502, 551 54, 724, 916 55, 996, 620	2, 465 14, 620 198, 251 175, 216 396, 299 416, 609 109, 030	1887 1888 1890 1891 1892 1893 1894 1895 1896 1896 1897 1898 1899 Total	137, 894, 694 137, 993, 078 136, 402, 552, 1 149, 327, 121, 1 137, 130, 270, 1 131, 054, 998 134, 787, 488, 9	112, 722 18, 925 32, 252 1, 160, 769 50, 431 48, 944 1, 975, 766 58, 728, 27, 655, 1, 585, 299, 380, 290, 149, 558, 68, 397, 7, 544, 323.

Average loss nearly 100 of 1 per cent.

The loss during the six months ended June 30, 1900, was 2,845.3 gallons; the stock on hand June 30, 1900, being 136,071,879.5 gallons.

Lincludes 10,000 at \$3 per M.

Upon comparing the foregoing statements as to the manufactured tobacco, cigars, and cigarettes removed in bond for export with those for the fiscal year ended June 30, 1899, the decrease in 1900, as to tobacco, cigars, and cigarettes, is found to be as follows:

Tobacco pounds. 3, 334, 295% Cigars and cigarettes weighing more than 3 pounds per 1,000...number 1,243,771 Cigarettes (including all-tobacco cigarettes) weighing not more than 3

pounds per 1,000 ... number ... 106, 127, 670

The increase each year as to cigarettes up to the fiscal year ended June 30, 1900, was the prominent feature of this class of exportations. The business of exporting cigarettes has grown during the past eighteen years as follows:

Number Removed for Export During Fiscal Years 1882 to 1900.

#### OLEOMARGARINE.

The subjoined statements show operations under the act of August 2, 1886, defining butter and imposing a tax upon and regulating the manufacture, sale, importation, and exportation of oleomargarine.

There was an increase in the number of persons engaged in the sale of olemargarine during the fiscal year ended June 30, 1900, as well as an increase in the production of the article as compared with the previous fiscal year.

The following table shows the quantity of oleomargarine, in pounds, at 2 cents tax, produced at manufactories during the fiscal year ended June 30, 1900, the quantity withdrawn therefrom during the year, and the stock of oleomargarine remaining in factories June 30, 1900:

SUMMARY OF OPERATIONS AT OLEOMARGARINE MANUFACTORIES DURING THE FISCAL YEAR ENDED JUNE 30, 1900.

#### FILLED CHEESE.

The following statements show the operations under the act of June 6, 1896, defining cheese, imposing a tax upon and regulating the manufacture, sale, importation, and exportation of filled cheese.

The quantity of filled cheese produced, withdrawn tax-paid for export, and that withdrawn tax-paid for domestic use from manufactories, monthly, from July 1, 1898, to June 30, 1900, is as follows:

	Month.		Quantity	Quantity w		
			produced.	For do- mestic use.	For export.	
Inly	1898.		Pounds.	Pounds.	Pounds.	
August						
					71,856	
February March April May June July August September October November	1899.		223, 880 231, 635 817, 112 234, 025 275, 127 335, 065 84, 375 113, 346 168, 742	26,019	223, 830 231, 635 817, 112 234, 025 275, 127 335, 065 84, 875 113, 346 142, 723	
February March April May	1900.		218, 508 221, 673 235, 818 319, 846 212, 671	3, 613 3, 638 15, 222	214, 895 221, 673 232, 180 319, 846 197, 449	
Total			3, 263, 629	48,492	3, 215, 137	

It will be noted from the above table that the largest production month for the fiscal year ended June 30, 1899, was June, and the quantity produced that month was 335,065 pounds. The largest production month for the fiscal year ended June 30, 1900, was April, and the quantity produced that month was 319,846 pounds.

There were 1,688,650 pounds of filled cheese produced at manufactories during the fiscal year ended June 30, 1899, and the entire quantity was tax-paid. For the fiscal year ended June 30, 1900, 1,574,979 pounds were produced and tax-paid, showing a decrease in production

pounds were produced and tax-paid, showing a decrease in production as compared with the previous year of 113,671 pounds.

It appears that the average monthly production for the seven production months of the fiscal year ended June 30, 1899, was 241,236 pounds, and for the eight production months of the fiscal year ended June 30, 1900, 196,872 pounds. There was no production in the months of July, August, September, and June of the fiscal year ended June 30, 1900.

#### MIXED FLOUR.

The following statements show the operations under the act of June 13, 1898, defining mixed flour, imposing a tax upon and regulating the manufacture, sale, importation, and exportation of mixed flour.

The quantity of mixed flour produced, withdrawn tax-paid, withdrawn for export, and destroyed at manufactories, monthly, from July 1, 1899, to June 30, 1900, is as follows:

Month.	Barrels.	Half barrels.	Quarter barrels.	Eighth barrels.	Pounds,

Total.	40,099	158, 212	30,193	108,703	23, 253, 222

It will be noted from the above table that the largest production month of the fiscal year ended June 30, 1900, was September 1899, and that the quantity produced that month was 4,081,251 pounds, packed in 3,711 barrels, 37,357 half barrels, 5,009 quarter barrels, and 14,204 eighth barrels. Also that the largest withdrawal month was September, 1899, and the quantity withdrawn was 4,313,800 pounds packed in

a This quantity contains 77 one-eighth barrels (1.848 pounds) destroyed in manufactories. b This quantity contains 27 one-eighth barrels (492 pounds) destroyed in manufactories. c This quantity contains 13 one-quarter barrels (624 pounds) destroyed in manufactories. d This quantity contains 21 one-half barrels and 57 one-eighth barrels (2,983 pounds) destroyed in

3,820 barrels, 42,610 half barrels, 4,738 quarter barrels, and 11,212

eighth barrels.

No mixed flour was withdrawn for export during the fiscal year ended June 30, 1900. It appears that the average monthly production for the twelve months ended June 30, 1900, was 1,937,768 pounds, and the average monthly withdrawal for same period was 1,912,953 pounds.

#### DIVISION OF CHEMISTRY.

The samples examined in the laboratory at San Francisco, Cal., during the fiscal year ended June 30, 1900, were as follows: Fortified sweet wines

Miscellaneous	
Total	1, 362 751

The following table shows the number and character of the samples examined in the work of the laboratory at Washington during the past fiscal year:

Olean	100
Oleomargarine	177
Butter	87
Flour.	20
Malt liquors	28
Fermented liquors, other than malt	
Distilled liquors.	72
Fortified wine	50
Medicinal articles	55
Smoking opium	
Mineral water	13
Ink	57
Mucilage	
Typewriter ribbons	15
Copying pencils	22
Sealing wax	$\overline{11}$
Sugar	6
Miscellaneous	
Total	760
Increase over last fiscal year	
AND OND OF THE PROPERTY OF THE	100

The number of samples of material suspected of being oleomargarine was 264, an increase of 151 over last year.

I have the honor to be, respectfully,

G. W. WILSON, Commissioner of Internal Revenue.

Hon. Lyman J. Gage, Secretary of the Treasury.

#### TABLES.

Note.—The following example is given as an illustration of the use that can be made of Table C in connection with Table E in ascertaining the collections, approximately, for each State and Territory, on spirits, tobasco, fermented liquors, etc., for any year from 1864 to 1900, when such information is desired and a report for that year is not at hand. In the calculation of the percentages there is always a remainder. Hence, in reversing the process and multiplying the per cent (quotient) by the divisor the product will not equal the dividend exactly, but it will be so near to it as to answer most practical purposes.

purposes.

The per cent of spirits for Illinois in 1885 was 30,4346. (See p. 246, Rep. 1890.) The total collections on spirits in the United States that year were \$67,511,208.63. (See p. 333, Rep. 1890.) \$67,511,208.63 \times 30.4346-\$20,546,760.30. The actual collections were \$20,546,765.19 (see p. 27, Rep. 1885), showing a difference of only \$1.11 between the actual collections and the collections as obtained by calculation.

abolished October 1, 1877.

(35) Abolished July 1, 1887.

(36) Formed by the consolidation (July 1, 1887) of district numbered 1, August 25, 1862, and district numbered 2, August 1, 1883.

(37) Formed by the consolidation (January 1, 1876) of districts numbered 2 and 6, August 23, 1862; abolished August 1, 1883.

(38) Formed by the consolidation (August 1, 1883) of district numbered 2, January 1, 1876, and district numbered 3, August 25, 1862; abolished

district numbered 3, August 25, 1862; abolished July 1, 1887.

(39) Abolished August 1, 1883.

(40) Abolished January 20, 1876.
(41) Formed by the consolidation (January 20, 1876) of districts numbered 4 and 9, August 25, 1862; abolished October 2, 1876. (42) As constituted October 2, 1876; abolished

(43) As constituted October 2, 1876.

(45) As constituted July 1, 1887. (46) As constituted July 1, 1887. (45) Abolished September 1, 1883. (46) Formed by the consolidation (September 1, 1883) of districts numbered 7 and 8, August 25,

1862; abolished July 1, 1887. (47) Formed by the consolidation (January 1, 1876) of districts numbered 10 and 12, August 25, 1862; abolished October 2, 1876.

1862; abolished October 2, 1876. (48) Abolished January 9, 1876. (49) Formed by the consolidation (January 9, 1876) of districts numbered 11 and 13, August 25, 1862; abolished October 2, 1876. (50) Abolished October 2, 1876.

(51) As constituted October 2, 1876; abolished August 1, 1883.

August 1, 1885. (52) Formed by the consolidation (January 1, 1876) of districts numbered 2 and 3, August 15, 1862; abolished October 2, 1876.

1862; abolished October 2, 1876.
(53) Abolished October 1, 1875.
(54) Formed by the consolidation (January 1, 1876) of districts numbered 6 and 8, August 15, 1862; abolished October 2, 1876.
(55) Formed by the consolidation (August 1, 1883) of districts numbered 4 and 6, October 2, 1876; abolished July 1, 1887.
(56) Formed by the consolidation (July 1, 1887) of district numbered 6, August 1, 1883, and cistrict numbered 11, August 7, 1883.
(57) Formed by the consolidation (August 1, 1883) of districts numbered 1 and 7, October 2, 1876.

1876.

(58) Formed by the consolidation (January 1, 1876) of districts numbered 9 and 10, August 15,

1876) of districts numbered 9 and 10, August 15, 182; abolished August 7, 1883.
(59) Formed by the consolidation (October 1, 1875) of districts numbered 5 and 11, August 15, 1862; abolished August 7, 1883.
(60) Formed by the consolidation (August 7, 1883) of district numbered 10, January 1, 1876, and district numbered 11, October 1, 1875; abolished by 1, 1887.

(61) As constituted October 2, 1876; abolished August 20, 1883. (62) As constituted August 20, 1883; abolished

July 1, 1887.

July 1, 1887.

(63) Formed by the consolidation (July 1, 1887)
of districts numbered 2 and 4, August 20, 1883.

(61) Abolished October 11, 1876.
(63) Formed by the consolidation (October 11, 1876) of districts numbered 3 and 6, July 29, 1862.

(66) Abolished June 1, 1874. (67) Formed by the consolidation (June 1, 1874) of districts numbered 1 and 2, January 25, 1866;

of districts numbered 1 and 2, January 25, 1805, abolished November 1, 1876. (68) Formed by the consolidation (November 1, 1876) of district numbered 2, June 1, 1874, and district numbered 3, January 25, 1866. (69) Abolished January 8, 1876. (a) By order of the Commissioner of Internal Revenue, dated January 25, 1870, so much of the Indian (a) By order of the Commissioner of Internal Revenue, dated January 25, 1870, so much of the Indian Collection district of Arkansas; by similar orders the Indian Territory assays as attached to the third to the fifth district of Arkansas; by similar orders the Indian Territory was transferred and attached to the fifth district of Missouri June 12, 1872, and to the State of Kansas August 8, 1881.

(b) The Territory of Alaska was attached to Oregon December 27, 1872.

(c) By the provisions of the act of Congress approved April 20, 1900, Hawaii Territory was made a \*Balance of collections not reported prior to final settlement of the collector's account.

D.—Appendix No. 1, showing the Differences between the Internal-Revenue COLLECTIONS IN THE DISTRICTS, STATES, TERRITORIES, AND YEARS BELOW NAMED, AS REPORTED BY COLLECTORS AND PUBLISHED IN THE SEVERAL ANNUAL REPORTS

OF THE COMMISSIONER, AND THE TRUE COLLECTIONS.

[Note.—These differences were mostly discovered at the final settlement of the accounts of such collectors as have retired from office after the reports for the years in which they occurred had been printed. Hence their appearance in this form. To ascertain the exact amount collected in any one of the following-named districts, States, or Territories prior to July 1, 1900, add to or subtract from, as the case may be, the collections for that district, tories prior to July 1, 1900, add to or subtract from, as the case may be, the collections for that district, State, or Territory, in the "total" column in Table D, the sum or sums entered opposite the same district, State, or Territory in this appendix. The result will be the aggregate amount collected.

On pages 376-381 the signs (+) and (-) are used to denote the amounts to be added and subtracted respectively.]

<sup>\*</sup>A part of the first provise of section 59, act of July 20,1863, reads as follows: "A tax of \$4 on each barrel, counting 49 gallons of proof spirits to the barrel, shall be assessed and collected from the owner of any distilled spirits which may be in bonded warehouse at the date of the taking effect of this act, to be paid whenever the same shall be withdrawn from such warehouse." This provise, in effect, makes the tax 60 cents per gallon on 24,383,951 gallons in warehouse at the time of the passage of that act.

of instact.

†Section 56 of net approved July 20, 1868, provided that all distilled spirits in bonded warehouse at
the time of the passage of that act not withdrawn within nine months should be forfeited to the
United States. The act of April 10, 1869, extended the time of the withdrawal of such spirits to June
30, 1869, but imposed a tax of 1 cent per gallon for each month after April 20, 1869. The receipts on
account of this additional tax were \$51,695.27.

Note.—Prior to September 1, 1866, the tax on fermented liquors was paid in currency, and the full amount of tax was returned by collectors. From and after that date the tax was paid by stamps, on which a deduction of 7½ per cent was allowed to brewers using them. The act of July 24, 1897, repealed the 7½ per cent discount. The act of June 13, 1898, increased the tax to \$2 per barrel and restored the 7½ per cent.

### RETURNS OF FERMENTED LIQUORS UNDER EACH ACT OF LEGISLATION

G.—Statement showing the Amount of Internal Revenue derived from Fermented Liquors at One Dollar per Barrel, at Sixty Cents per Barrel, and at Two Dollars per Barrel, under the Enactments Imposing those Rates, the Quantities on which the Tax was Paid, the Date when each Rate was Imposed and when it Ended, and the Length of Time each Rate was in force, from July 1, 1862, to June 30, 1900.

	Rates	Rates Dates of acts.			Length of			
Articles.	per barrel.	First impos- ing the tax.		Limiting tax.	time rates were in force.	Aggregate col- lections.	Aggregate quantities.	
Alc, beer, lager beer, porter, and other similar fermented liquors.	\$1.00	July	1, 1862	Mar. 3,1863	Months,	\$885, 271, 88	Barrels, 885, 272	
Do	. 60	Mar.	3, 1863	(Limiting to Mar. 31, 1864.)	18	2,049,302.65	3, 415, 504	
Do	1.00 2.00		1,1862 13,1898		4104 244	568, 800, 055, 65 144, 837, 928, 96	611, 891, 249 78, 290, 778	
Total						716, 572, 559, 14	694, 482, 798	

Note.—The act of July 1, 1862, went into operation September 1, 1862. The act of March 3, 1863, provided that the tax on fermented liquors should be 60 cents per barrel from the date of the passage of that act to April 1, 1864. Hence the tax of 60 cents per barrel having expired by limitation April 1, 1864, the tax of \$1 per barrel under act of July 1, 1862, was again revived, and this rate, under different acts, continued in force from and including that date, until the passage of the act of June 13, 1898, when the tax was increased to \$2 per barrel.

b This percentage is based upon the total collections in the district of Maryland, less \$602,362.52 tax on money orders turned over by the Postmaster-General to that district, and for which no expense to collect was incurred.

Note.—The foregoing statement of expenses does not include salaries and expenses of internal-revenue agents, salaries of the officers and clerks in the office of the Commissioner of Internal Revenue, amounts expended in detecting and punishing violations of internal-revenue laws, cost of paper for internal-revenue stamps, and certain miscellaneous expenses, all of which are included in the statement of the "Cost of collection," on page 16 of this report, but which can not be apportioned among the several collection districts.
