Dear :

You asked for advance approval of your scholarship procedures under Internal Revenue Code (IRC) Section 4945(g)(1). You requested approval of your scholarship program to fund the education of certain qualifying students.

This approval is required because IRC Section 4945 provides for the imposition of taxes on each taxable expenditure of a private foundation. IRC Section 4945(d)(3) provides that the term "taxable expenditure" includes any amount paid or incurred by a private foundation as a grant to an individual for travel, study, or similar purposes by the individual, unless the grant satisfies the advance approval requirement of IRC Section 4945(g).

Our determination

We approved your procedures for awarding scholarships. Based on the information you submitted, and assuming you will conduct your program as proposed, we determined that your procedures for awarding scholarships meet the requirements of IRC Section 4945(g)(1). As a result, expenditures you make under these procedures won't be taxable.

Additionally, awards made under these procedures are scholarship or fellowship grants and are not taxable to the recipients if they use them for qualified tuition and related expenses (subject to the limitations provided in IRC Section 117(b)).

Description of your request

Your letter indicates you will operate a scholarship program called B. The purpose of B is to encourage skills development and leadership in science, technology, engineering or math fields among college bound students attending public, private, or home school in C. You plan to award D scholarships of e dollars on an annual basis for students that will attend a four-year college or trade school. You will publicize the program through school administrators in C and on your website.

Scholarship recipients are selected based on the following criteria:

- Academic ability and performance based on GPA, successful completion of rigorous STEM courses, and

professional recommendations.

- Involvement in extracurricular and community activities, based on student's personal essay and professional recommendations.
- Personal aspirations within the STEM field, based on student's personal essay and on professional recommendations.
- Character and personality, based on the student's personal essay, interview, and professional recommendations.

Applications are reviewed by your entire board and one staff member. Interviews are conducted by one board member and one staff member. The interviewers then report back to the full board to make the final selection. Recipients are only eligible to receive the scholarship one time. Grants are paid directly to a school under an arrangement whereby the school will apply the grant funds only for enrolled students who are in good standing. Relatives of members of the selection committee, your officers, directors, and substantial contributors are not eligible for awards made under your program.

You represent that you will complete the following:

- Arrange to receive and review grantee reports annually and upon completion of the purpose for which the grant was awarded,
- Investigate diversion of funds from their intended purposes,
- Take all reasonable and appropriate steps to recover the diverted funds and ensure other grant funds held by a grantee are used for their intended purposes, and
- Withhold further payments to grantees until you obtain grantees' assurances that future diversions will not occur and that grantees will take extraordinary precautions to prevent future diversion from occurring.

You also represent that you will:

- Maintain all records relating to individual grants including information obtained to evaluate grantees,
- Identify a grantee is a disqualified person,
- Establish the amount and purpose of each grant, and
- Establish that you undertook the supervision and investigation of grants described above.

Basis for our determination

IRC Section 4945 imposes excise taxes on the taxable expenditures of private foundations. A taxable expenditure is any amount a private foundation pays as a grant to an individual for travel, study or other similar purposes. However, a grant that meets all the following requirements of IRC Section 4945(g) is not a taxable expenditure.

- The foundation awards the grant on an objective and nondiscriminatory basis.
- The IRS approves in advance the procedure for awarding the grant.
- The grant is a scholarship or fellowship subject to the provisions of IRC Section 117(a).
- The grant is to be used for study at an educational organization described in IRC Section 170(b)(1)(A)(ii).

Other conditions that apply to this determination

- This determination only covers the grant program described above. This approval will apply to succeeding grant programs only if their standards and procedures don't differ significantly from those described in your original request.

- This determination applies only to you. It may not be cited as a precedent.
- You cannot rely on the conclusions in this letter if the facts you provided have changed substantially. You must report any significant changes to your program to the IRS at:

- You can't award grants to your creators, officers, directors, trustees, foundation managers, or members of selection committees or their relatives.
- All funds distributed to individuals must be made on a charitable basis and further the purposes of your organization. You cannot award grants for a purpose that is inconsistent with IRC Section 170(c)(2)(B).
- You should keep adequate records and case histories so that you can substantiate your grant distributions with the IRS if necessary.
