Dear :

Why you are receiving this letter

We received your October 2, 2023 request for approval of a set-aside under Internal Revenue Code (IRC) Section 4942(g)(2). Based on the information furnished, your request is approved.

You are recognized as tax-exempt under IRC Section 501(c)(3) and as a private foundation under IRC Section 509(a).

What you need to do

Document your approved set-aside(s) in your records as pledges or obligations. You must pay the set-aside amounts within 60 months after the date of the first set-aside, as required under IRC Section 4942(g)(2).

Take into account the amounts set aside when determining your minimum investment return under IRC Section 4942(e)(1)(A) and the income attributable to your set-asides when computing your adjusted net income under IRC Section 4942(f).

Description of set-aside request

Your purpose of requesting a set-aside is to construct a sports and activity center.

You are requesting q for the fiscal year M, and an additional set aside of r for the fiscal year N.

Your project can be better accomplished by the set-aside rather than immediate payment of funds, because of considerable pre-constructing planning. Additionally, site development, contractor selection, design and construction are expected to take up to two years.

Your original certificate of incorporation included a home for needy women and maintenance of a public park for the residence of Y. If there is an availability of remaining resources, you plan on constructing a Z in Y. This space will be operated on a not-for-profit basis for the benefit of the community. It is anticipated to host youth activities and sports as well as community functions. It will function as an indoor park.

Your amounts to be set aside will be paid within the specified period of time that ends not more than 60 months after the date of the first set-aside.

Basis for our determination

IRC Section 4942(g)(2)(A) states that an amount set aside for a specific project, which includes one or more purposes described in IRC Section 170(c)(2)(B), may be treated as a qualifying distribution if it meets the requirements of IRC Section 4942(g)(2)(B).

IRC Section 4942(g)(2)(B) states that an amount set aside for a specific project will meet the requirements of this subparagraph if, at the time of the set-aside, the foundation establishes that the amount will be paid within five years and either clause (i) or (ii) are satisfied.

IRC Section 4942(g)(2)(B)(i) is satisfied if, at the time of the set-aside, the private foundation establishes that the project can better be accomplished using the set-aside than by making an immediate payment.

Treasury Regulation (Treas. Reg.) Section 53.4942(a)-3(b)(1) provides that a private foundation may establish a project as better accomplished by a set-aside than by immediate payment if the set-aside satisfies the suitability test described in Treas. Reg. Section 53.4942(a)-3(b)(2).

Treas. Reg. Section 53.4942(a)-3(b)(2) provides that specific projects better accomplished using a set-aside include, but are not limited to, projects where relatively long-term expenditures must be made requiring more than one year's income to assure their continuity.

In Revenue Ruling 74-450, 1974-2 C.B. 388, an operating foundation converted a portion of newly acquired land into a public park under a four-year construction contract. The construction contract payments were to be made mainly during the final two years. This constituted a "specific project." The foundation's set-aside of all its excess earnings for four years was treated as a qualifying distribution under IRC Section 4942(g)(2).
