Dear :

You asked for advance approval of your scholarship procedures under Internal Revenue Code (IRC) Section 4945(g)(1). You requested approval of your scholarship program to fund the education of certain qualifying students.

This approval is required because IRC Section 4945 provides for the imposition of taxes on each taxable expenditure of a private foundation. IRC Section 4945(d)(3) provides that the term "taxable expenditure" includes any amount paid or incurred by a private foundation as a grant to an individual for travel, study, or similar purposes by the individual, unless the grant satisfies the advance approval requirement of IRC Section 4945(g).

Our determination

We approved your procedures for awarding scholarships. Based on the information you submitted, and assuming you will conduct your program as proposed, we determined that your procedures for awarding scholarships meet the requirements of IRC Section 4945(g)(1). As a result, expenditures you make under these procedures won't be taxable.

Additionally, awards made under these procedures are scholarship or fellowship grants and are not taxable to the recipients if they use them for qualified tuition and related expenses (subject to the limitations provided in IRC Section 117(b)).

Description of your request

Your letter indicates you will operate an annual agricultural scholarship program providing b dollars to C or more graduating D high school students with documented acceptance to a college or university where they will pursue a career in agriculture. The scholarship will further your mission of preserving the rural traditions, history, culture, and economic viability of D by helping to support the next generation of agricultural workers in your region.

Applications will be posted on your website and available by open call and require an application form with:

- Contact information,
- Proof of college acceptance, and

- A 500 word essay detailing why they have chosen to pursue a career in agriculture, the area of agriculture they plan to study, and its importance to local farming.

Applications will be reviewed, evaluated, and selected by your executive director and board of directors based on the applicants connection with your mission, writing quality, aspirational quality, and meeting of application criteria. You will remain in contact with student grantees and grantees will be required to provide an update on their progress C years after acceptance.

You will award one time scholarships based on the quality of the eligible applicants' grant application/essay submission and are not eligible for renewal. You will pay awarded scholarships directly to the applicants' accepted college or university. Upon acceptance of the awarded grant, scholarship awardees must sign a letter stating that they will update you on their studies and the impact of the scholarship on education C year after receipt of the scholarship, although this is not a formal condition of the grant. If the student doesn't attend the academic institution listed in their application, you request the school return the grant funds to you.

You represent that you will complete the following:

- Arrange to receive and review grantee reports annually and upon completion of the purpose for which the grant was awarded,
- Investigate diversion of funds from their intended purposes,
- Take all reasonable and appropriate steps to recover the diverted funds and ensure other grant funds held by a grantee are used for their intended purposes, and
- Withhold further payments to grantees until you obtain grantees' assurances that future diversions will not occur and that grantees will take extraordinary precautions to prevent future diversion from occurring.

You also represent that you will:

- Maintain all records relating to individual grants including information obtained to evaluate grantees,
- Identify a grantee is a disqualified person,
- Establish the amount and purpose of each grant, and
- Establish that you undertook the supervision and investigation of grants described above.

Basis for our determination

IRC Section 4945 imposes excise taxes on the taxable expenditures of private foundations. A taxable expenditure is any amount a private foundation pays as a grant to an individual for travel, study or other similar purposes. However, a grant that meets all the following requirements of IRC Section 4945(g) is not a taxable expenditure.

- The foundation awards the grant on an objective and nondiscriminatory basis.
- The IRS approves in advance the procedure for awarding the grant.
- The grant is a scholarship or fellowship subject to the provisions of IRC Section 117(a).
- The grant is to be used for study at an educational organization described in IRC Section 170(b)(1)(A)(ii).

Other conditions that apply to this determination

- This determination only covers the grant program described above. This approval will apply to succeeding grant programs only if their standards and procedures don't differ significantly from those described in your original request.
- This determination applies only to you. It may not be cited as a precedent.
- You cannot rely on the conclusions in this letter if the facts you provided have changed substantially. You must report any significant changes to your program to the IRS at:
